(a) Denotes that all or a portion of the assets are owned by Carlyle Secured Lending, Inc. (together with its consolidated subsidiaries, “we,” “us,” “our,” “CGBD” or the “Company”). The Company has entered into a senior secured revolving credit facility (as amended, the “Credit Facility”). The lenders of the Credit Facility have a first lien security interest in substantially all of the portfolio investments held by the Company (see Note 9, Borrowings, to these unaudited consolidated financial statements). Accordingly, such assets are not available to creditors of Carlyle Direct Lending CLO 2015-1R LLC (the “2015-1 Issuer”).

(b) Denotes that all or a portion of the assets are owned by the Company’s wholly owned subsidiary, the 2015-1 Issuer, and secure the notes issued in connection with a term debt securitization most recently issued on July 2, 2024 (see Note 9, Borrowings, to these unaudited consolidated financial statements). Accordingly, such assets are not available to creditors of the Company.

(c) Denotes that all or a portion of the assets are owned by the Company’s wholly owned subsidiary, Carlyle Secured Lending III SPV, L.L.C (the “CSL III SPV”). Accordingly, such assets are not available to creditors of the Company and 2015-1 Issuer.

(d) Denotes that all or a portion of the assets are owned by the Company’s wholly owned subsidiary, Middle Market Credit Fund II, LLC (“Credit Fund II”). Substantially all of the assets of Credit Fund II have been pledged as collateral under the Credit Facility. Accordingly, such assets are not available to creditors of the 2015-1 Issuer.

(e) Commencing on the effective date of August 18, 2025, the interest rate paid by the Company for each interest period is calculated on the basis of a compounded average daily SOFR rate plus 3.235%. The interest rate swap settles semi-annually on each of February 18 and August 18. Refer to Note 8, Derivative Instruments, to these unaudited consolidated financial statements for further details.

(f) The interest rate paid by the Company for each interest period is calculated on the basis of a compounded average daily SOFR rate plus 2.312%. The interest rate swap settles semi-annually on each of February 15 and August 15. Refer to Note 8, Derivative Instruments, to these unaudited consolidated financial statements for further details.

* Par amount is denominated in USD (“\$”) unless otherwise noted, as denominated in Canadian Dollar (“C\$”), Euro (“€”) or British Pound (“£”).

** Refer to Note 8, Derivative Instruments, to these unaudited consolidated financial statements for further information.

- (1) Unless otherwise indicated, issuers of debt and equity investments held by the Company are domiciled in the United States. Under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the “Investment Company Act”), the Company would be deemed to “control” a portfolio company if the Company owned more than 25% of its outstanding voting securities and/or held the power to exercise control over the management or policies of the portfolio company. As of March 31, 2026, the Company does not “control” any of these portfolio companies. Under the Investment Company Act, the Company would be deemed an “affiliated person” of a portfolio company if the Company owns 5% or more of the portfolio company’s outstanding voting securities. As of March 31, 2026, the Company is not an “affiliated person” of any of these portfolio companies. Certain portfolio company investments are subject to contractual restrictions on sales.
- (2) Variable rate loans to the portfolio companies bear interest at a rate that is determined by reference to either the Secured Overnight Financing Rate (“SOFR”) or an alternate base rate (commonly based on the Federal Funds Rate or the U.S. Prime Rate), which generally resets quarterly. For each such loan, the Company has indicated the reference rate used and provided the spread and the interest rate in effect as of March 31, 2026. As of March 31, 2026, the reference rates for variable rate loans were the 30-day SOFR at 3.66%, the 90-day SOFR at 3.68%, the 180-day SOFR at 3.70%, the daily SONIA at 3.73%, the 30-day EURIBOR at 1.89%, the 90-day EURIBOR at 2.08%, the 180-day EURIBOR at 2.48%, and the 30-day CORRA at 2.27%.
- (3) Loan includes interest rate floor feature, which ranges from 0.50% to 1.00%.
- (4) Amortized cost represents original cost, including origination fees and upfront fees received that are deemed to be an adjustment to yield, adjusted for the accretion/amortization of discounts/premiums, as applicable, on debt investments using the effective interest method.
- (5) Fair value is determined in good faith by or under the direction of the Investment Adviser, as the valuation designee pursuant to Rule 2a-5 under the Investment Company Act (see Note 2, Significant Accounting Policies, and Note 3, Fair Value Measurements, to these unaudited consolidated financial statements), pursuant to the Company’s valuation policy. The fair value of all first lien and second lien debt investments, equity investments and the investment funds was determined using significant unobservable inputs.
- (6) Security acquired in transaction exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”), and may be deemed to be “restricted securities” under the Securities Act. As of March 31, 2026, the aggregate fair value of these securities is \$156,367, or 14.00% of the Company’s net assets.
- (7) The Company has determined the indicated investments are non-qualifying assets under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying assets unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company’s total assets.
- (8) Represents an investment on non-accrual status as of March 31, 2026.
- (9) Represents a corporate mezzanine loan, which is subordinated to senior secured term loans of the portfolio company/investment fund.
- (10) In addition to the interest earned based on the stated interest rate of this loan, which is the amount reflected in this schedule, the Company is entitled to receive additional interest as a result of an agreement among lenders, which has been included in the spread of each applicable investment. Pursuant to the agreement among lenders in respect of this loan, this investment represents a first lien/last out loan, which has a secondary priority behind the first lien/first out loan with respect to principal, interest and other payments.
- (11) Loans include a credit spread adjustment that typically ranges from 0.10% to 0.43%.
- (12) Represents a non-income producing security as of March 31, 2026.
- (13) Under the Investment Company Act, the Company is deemed to be an “affiliated person” of and “control” this investment fund because the Company owns more than 25% of the investment fund’s outstanding voting securities and/or has the power to exercise control over management or policies of such investment fund. See Note 5, Middle Market Credit Fund, LLC, to these unaudited consolidated financial statements for more details. (a) Denotes that all or a portion of the assets are owned by Carlyle Secured Lending, Inc. (together with its consolidated subsidiaries, “we,” “us,” “our,” “CGBD” or the “Company”). The Company has entered into a senior secured revolving credit facility (as amended, the “Credit Facility”). The lenders of the Credit Facility have a first lien security interest in substantially all of the portfolio investments held by the Company (see Note 9, Borrowings, to these unaudited consolidated financial statements). Accordingly, such assets are not available to creditors of Carlyle Direct Lending CLO 2015-1R LLC (the “2015-1 Issuer”).

(b) Denotes that all or a portion of the assets are owned by the Company’s wholly owned subsidiary, the 2015-1 Issuer, and secure the notes issued in connection with a term debt securitization most recently issued on July 2, 2024. (see Note 9, Borrowings, to these unaudited consolidated financial statements). Accordingly, such assets are not available to creditors of the Company.

(c) Denotes that all or a portion of the assets are owned by the Company’s wholly owned subsidiary, Carlyle Secured Lending III SPV, L.L.C (the “CSL III SPV”). Accordingly, such assets are not available to creditors of the Company and 2015-1 Issuer.

(d) Denotes that all or a portion of the assets are owned by the Company’s wholly owned subsidiary, Middle Market Credit Fund II, LLC (“Credit Fund II”). Substantially all of the assets of Credit Fund II have been pledged as collateral under the Credit Facility. Accordingly, such assets are not available to creditors of the 2015-1 Issuer.

(e) Commencing on the effective date of August 18, 2025, the interest rate paid by the Company for each interest period is calculated on the basis of a compounded average daily SOFR rate plus 3.235%. The interest rate swap settles semi-annually on each of February 18 and August 18. Refer to Note 8, Derivative Instruments, to these unaudited consolidated financial statements for further details.

(f) The interest rate paid by the Company for each interest period is calculated on the basis of a compounded average daily SOFR rate plus 2.312%. The interest rate swap settles semi-annually on each of February 15 and August 15. Refer to Note 8, Derivative Instruments, to these unaudited consolidated financial statements for further details.

* Par amount is denominated in USD (“\$”) unless otherwise noted, as denominated in Canadian Dollar (“C\$”), Euro (“€”) or British Pound (“£”).

** Refer to Note 8, Derivative Instruments, to these unaudited consolidated financial statements for further information.

- Unless otherwise indicated, issuers of debt and equity investments held by the Company are domiciled in the United States. Under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the “Investment Company Act”), the Company would be deemed to “control” a portfolio company if the Company owned more than 25% of its outstanding voting securities and/or held the power to exercise control over the management or policies of the portfolio company. As of December 31, 2025, the Company does not “control” any of these portfolio companies. Under the Investment Company Act, the Company would be deemed an “affiliated person” of a portfolio company if the Company owns 5% or more of the portfolio company’s outstanding voting securities. As of December 31, 2025, the Company is not an “affiliated person” of any of these portfolio companies. Certain portfolio company investments are subject to contractual restrictions on sales.
- Variable rate loans to the portfolio companies bear interest at a rate that is determined by reference to either the Secured Overnight Financing Rate (“SOFR”), or an alternate base rate (commonly based on the Federal Funds Rate or the U.S. Prime Rate), which generally resets quarterly. For each such loan, the Company has indicated the reference rate used and provided the spread and the interest rate in effect as of December 31, 2025. As of December 31, 2025, the reference rates for variable rate loans were the 30-day SOFR at 3.69%, the 90-day SOFR at 3.65%, the 180-day SOFR at 3.57%, the daily SONIA at 3.73%, the 30-day EURIBOR at 1.94%, the 90-day EURIBOR at 2.03%, the 180-day EURIBOR at 2.11%, and the 30-day CORRA at 2.30%.
- Loan includes interest rate floor feature, which ranges from 0.50% to 1.00%.
- Amortized cost represents original cost, including origination fees and upfront fees received that are deemed to be an adjustment to yield, adjusted for the accretion/amortization of discounts/premiums, as applicable, on debt investments using the effective interest method.
- Fair value is determined in good faith by or under the direction of the Investment Adviser, as the valuation designee pursuant to Rule 2a-5 under the Investment Company Act (see Note 2, Significant Accounting Policies, and Note 3, Fair Value Measurements, to these unaudited consolidated financial statements), pursuant to the Company’s valuation policy. The fair value of all first lien and second lien debt investments, equity investments and the investment funds was determined using significant unobservable inputs.
- Security acquired in transaction exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”), and may be deemed to be “restricted securities” under the Securities Act. As of December 31, 2025, the aggregate fair value of these securities is \$143,331, or 12.28% of the Company’s net assets.
- The Company has determined the indicated investments are non-qualifying assets under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying assets unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company’s total assets.
- Represents an investment on non-accrual status as of December 31, 2025.
- Represents a corporate mezzanine loan, which is subordinated to senior secured term loans of the portfolio company/investment fund.
- In addition to the interest earned based on the stated interest rate of this loan, which is the amount reflected in this schedule, the Company is entitled to receive additional interest as a result of an agreement among lenders, which has been included in the spread of each applicable investment. Pursuant to the agreement among lenders in respect of this loan, this investment represents a first lien/last out loan, which has a secondary priority behind the first lien/first out loan with respect to principal, interest and other payments.
- Loans include a credit spread adjustment that typically ranges from 0.10% to 0.43%.

1. ORGANIZATION

Carlyle Secured Lending, Inc. (together with its consolidated subsidiaries, “CGBD” or the “Company”) is a Maryland corporation formed on February 8, 2012, and structured as an externally managed, non-diversified closed-end investment company. The Company has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the “Investment Company Act”). In addition, the Company has elected to be treated, and intends to continue to comply with the requirements to qualify annually, as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (together with the rules and regulations promulgated thereunder, the “Code”).

The Company’s investment objective is to generate current income and, to a lesser extent, capital appreciation primarily through assembling a portfolio of secured debt investments in U.S. middle market companies. The Company’s core investment strategy focuses on lending to U.S. middle market companies, which the Company defines as companies with approximately \$25.0 million or greater of earnings before interest, taxes, depreciation and amortization (“EBITDA”), supported by financial sponsors. This core strategy is opportunistically supplemented with differentiated and complementary lending and investing strategies, which take advantage of the broad capabilities of Carlyle’s Global Credit platform while offering risk-diversifying portfolio benefits. The Company seeks to achieve its objective primarily through direct origination of secured debt instruments, including first lien senior secured loans (which may include stand-alone first lien loans, first lien/last out loans and “unitranche” loans) and second lien senior secured loans (collectively, “Middle Market Senior Loans”), with a minority of its assets invested in higher yielding investments (which may include unsecured debt, subordinated debt and investments in equities and structured products). The Middle Market Senior Loans are generally made to private U.S. middle market companies that are, in many cases, controlled by private equity firms.

The Company invests primarily in loans to middle market companies whose debt has been rated below investment grade, or would likely be rated below investment grade if it was rated. These securities, which are often referred to as “junk,” have predominately speculative characteristics with respect to the issuer’s capacity to pay interest and repay principal.

On May 2, 2013, the Company completed its initial closing of capital commitments (the “Initial Closing”) and subsequently commenced substantial investment operations. Effective March 15, 2017, the Company changed its name from “Carlyle GMS Finance, Inc.” to “TCG BDC, Inc.” On June 19, 2017, the Company closed its initial public offering, issuing 9,454,200 shares of its common stock (including shares issued pursuant to the exercise of the underwriters’ over-allotment option on July 5, 2017) at a public offering price of \$18.50 per share. Net of underwriting costs, the Company received cash proceeds of \$169,488. Shares of common stock of the Company began trading on the Nasdaq Global Select Market under the symbol “CGBD” on June 14, 2017. Effective April 12, 2022, the Company changed its name from “TCG BDC, Inc.” to “Carlyle Secured Lending, Inc.”

The Company is externally managed by its investment adviser, Carlyle Global Credit Investment Management L.L.C. (the “Investment Adviser”), a wholly owned subsidiary of The Carlyle Group Inc. and an investment adviser registered under the Investment Advisers Act of 1940, as amended. Carlyle Global Credit Administration L.L.C. (the “Administrator”) provides the administrative services necessary for the Company to operate. Both the Investment Adviser and the Administrator are wholly owned subsidiaries of Carlyle Investment Management L.L.C. (“CIM”), a wholly owned subsidiary of The Carlyle Group Inc. “Carlyle” refers to The Carlyle Group Inc. and its affiliates and its consolidated subsidiaries (other than portfolio companies of its affiliated funds), a global investment firm publicly traded on the Nasdaq Global Select Market (“Nasdaq”) under the symbol “CG”. Refer to the sec.gov website for further information on Carlyle.

TCG BDC SPV LLC (“SPV”) is a Delaware limited liability company that was formed on January 3, 2013. Prior to the termination of its senior secured credit facility on December 11, 2020, SPV invested in first and second lien senior secured loans. SPV is a wholly owned subsidiary of the Company and is consolidated in these unaudited consolidated financial statements commencing from the date of its formation.

On June 26, 2015, the Company completed a \$400,000 term debt securitization (the “2015-1 Debt Securitization”). The notes offered in the 2015-1 Debt Securitization (the “2015-1 Notes”) were issued by Carlyle Direct Lending CLO 2015-1R LLC (the “2015-1 Issuer”), a wholly owned and consolidated subsidiary of the Company. On August 30, 2018, the 2015-1 Issuer refinanced the 2015-1 Debt Securitization (the “2015-1 Debt Securitization Refinancing”) by redeeming in full the

Table of Contents

2015-1 Notes and issuing \$449,000 in new notes (the “2015-1R Notes”). The 2015-1R Notes were secured by a diversified portfolio of the 2015-1 Issuer consisting primarily of first and second lien senior secured loans. On July 2, 2024, the 2015-1 Issuer completed a refinancing of the 2015-1R Notes (the “2015-1R Refinancing”) by redeeming in full the 2015-1R Notes and issuing \$410,000 in new notes and loans (the “2015-1N Debt” and together with the 2015-1R Notes, the “Securizations”), which was inclusive of \$30,000 in Class C-R Notes retained by the Company as of both July 2, 2024 and March 31, 2026. The Class C-R Notes are eliminated in consolidation. Refer to Note 9, Borrowings, to these unaudited consolidated financial statements for details. The 2015-1 Issuer is consolidated in these unaudited consolidated financial statements commencing from the date of its formation.

On February 29, 2016, the Company and Credit Partners USA LLC (“Credit Partners”) entered into an amended and restated limited liability company agreement, as amended from time to time, to co-manage Middle Market Credit Fund, LLC (“Credit Fund”). Credit Fund primarily invests in first lien loans of middle market companies. Credit Fund is managed by a six-member board of managers, on which the Company and Credit Partners each have equal representation. The Company and Credit Partners each have 50% economic ownership of Credit Fund and have commitments to fund, from time to time, capital of up to \$250,000 each as of March 31, 2026, increased from \$175,000 each on February 11, 2026. Refer to Note 5, Middle Market Credit Fund, LLC, to these unaudited consolidated financial statements for details.

On November 3, 2020, the Company and Cliffwater Corporate Lending Fund (“CCLF”), an investment vehicle managed by Cliffwater LLC, entered into a limited liability company agreement to co-manage Middle Market Credit Fund II, LLC (together with its wholly owned subsidiary Middle Market Credit Fund II SPV, LLC, “Credit Fund II”). Prior to the completion of the Credit Fund II Purchase (as defined below), Credit Fund II was managed by a four-member board of managers, on which the Company and CCLF each had equal representation, and the Company and CCLF held approximately 84.13% and 15.87% economic ownership of Credit Fund II, respectively.

On February 10, 2025, the Company and CCLF entered into an amendment to the Credit Fund II limited liability company agreement (as so amended, the “Amended Credit Fund II LLCA”). Pursuant to the terms of the Amended Credit Fund II LLCA, Credit Fund II distributed \$2,667 to CCLF, and the Company contributed \$140,000 in cash to Credit Fund II. Such distributions and contributions were accounted for as a reduction in CCLF’s membership interest based on the net asset value of Credit Fund II as of December 31, 2024. On February 11, 2025, the Company entered into a membership interest purchase agreement to purchase CCLF’s remaining membership interest for cash at the net asset value thereof as of December 31, 2024 (the “Credit Fund II Purchase”), after which Credit Fund II became a wholly owned subsidiary of the Company and in connection therewith the CCLF board members resigned. See Note 6, Middle Market Credit Fund II, LLC, to these unaudited consolidated financial statements for details. Credit Fund II invests in senior secured loans of middle market companies.

On May 5, 2020, the Company issued and sold 2,000,000 shares of cumulative convertible preferred stock, par value \$0.01 per share (the “Preferred Stock”), to an affiliate of Carlyle in a private placement at a price of \$25 per share. On March 27, 2025, in connection with the CSL III Merger (as defined below), the Company entered into a preferred stock exchange agreement (the “Preferred Stock Exchange Agreement”) with CIM, the holder of record of shares of the Preferred Stock. Pursuant to the Preferred Stock Exchange Agreement, CIM surrendered all 2,000,000 outstanding shares of Preferred Stock in exchange for a number of shares of the Company’s common stock equal to the aggregate liquidation preference of the Preferred Stock divided by the net asset value per share of the Company as of March 25, 2025 (the “Preferred Stock Exchange”). Immediately prior to the Preferred Stock Exchange, the Company paid all accrued and unpaid dividends on the Preferred Stock. Following the Preferred Stock Exchange, the Preferred Stock was cancelled and is no longer outstanding. See Note 11, Net Assets, to these unaudited consolidated financial statements for additional information regarding the Preferred Stock and the Preferred Stock Exchange.

On March 27, 2025, the Company completed its acquisition of Carlyle Secured Lending III (“CSL III”), a Maryland corporation, pursuant to the Agreement and Plan of Merger (as amended the “Merger Agreement”), dated as of August 2, 2024, by and among the Company, CSL III, Blue Fox Merger Sub Inc., a Maryland corporation and wholly owned subsidiary of the Company (“Merger Sub”), and, solely for the limited purposes set forth therein, CSL III Advisor, LLC, a Delaware limited liability company and investment adviser to CSL III (“CSL III Advisor”), and the Investment Adviser (together with CSL III Advisor, the “Advisors”), pursuant to which, Merger Sub first merged with and into CSL III, with CSL III continuing as the surviving company and as a wholly owned subsidiary of the Company (the “Merger”) and immediately thereafter, CSL III merged with and into the Company, with the Company continuing as the surviving company (together with the Merger, the “CSL III Merger”). Commencing on the completion of the CSL III Merger, all activity is consolidated in these unaudited consolidated financial statements. Refer to Note 16, Merger with CSL III, to these unaudited consolidated financial statements for additional information regarding the CSL III Merger.

Table of Contents

Carlyle Secured Lending III SPV, L.L.C. (the “CSL III SPV”) is a Delaware limited liability company formed on August 31, 2022, that became a wholly owned and consolidated subsidiary of the Company as a result of the CSL III Merger. CSL III SPV invests in first and second lien senior secured loans and is consolidated in these unaudited consolidated financial statements commencing on the completion of the CSL III Merger.

On December 23, 2025, the Company and Carlyle Credit Solutions, Inc. (“CARS”), an affiliated BDC of the Company, together with certain affiliates of Sixth Street Partners, LLC, Sixth Street Lending Partners and Sixth Street Specialty Lending, Inc. (together, “Sixth Street”) (collectively with the Company and CARS, the “SCP Members”), entered into an amended and restated limited liability company agreement, as amended from time to time, to co-manage Structured Credit Partners JV, LLC (“Structured Credit Partners”). The SCP Members each hold 25% voting interests through non-economic Class A membership interests. Each Carlyle SCP Member’s initial capital commitment to Structured Credit Partners is up to \$150,000, if and when requested, and the total initial capital commitments of all SCP Members to Structured Credit Partners are up to \$600,000, if and when requested. Each SCP Member has equal representation on the board of managers of Structured Credit Partners. Refer to Note 7, Structured Credit Partners JV, LLC, to these unaudited consolidated financial statements for additional information regarding Structured Credit Partners.

As a BDC, the Company is required to comply with certain regulatory requirements. As part of these requirements, the Company must not acquire any assets other than “qualifying assets” specified in the Investment Company Act unless, at the time the acquisition is made, at least 70% of its total assets are qualifying assets (with certain limited exceptions).

To qualify as a RIC, the Company must, among other things, meet certain source-of-income and asset diversification requirements and timely distribute to its stockholders generally at least 90% of its investment company taxable income, as defined by the Code, for each year. Pursuant to this election, the Company generally does not have to pay corporate level taxes on any income that it distributes to stockholders, provided that the Company satisfies those requirements.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The unaudited consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”). The Company is an investment company for the purposes of accounting and financial reporting in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, *Financial Services—Investment Companies* (“ASC 946”). The unaudited consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, the SPV, the 2015-1 Issuer, the CSL III SPV, and the Credit Fund II. All significant intercompany balances and transactions have been eliminated. U.S. GAAP for an investment company requires investments to be recorded at fair value. The carrying value for all other assets and liabilities approximates their fair value.

The unaudited consolidated financial statements have been prepared in accordance with U.S. GAAP for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6 and 10 of Regulation S-X. Accordingly, certain disclosures accompanying the annual consolidated financial statements prepared in accordance with U.S. GAAP are omitted. In the opinion of management, all adjustments considered necessary for the fair presentation of unaudited consolidated financial statements for the interim periods presented have been included. These adjustments are of a normal, recurring nature. This Form 10-Q should be read in conjunction with the Company's annual report on Form 10-K for the year ended December 31, 2025. The results of operations for the three months ended March 31, 2026 are not necessarily indicative of the operating results to be expected for the full year.

Certain prior period disclosures within the Consolidated Statement of Cash flows have been amended to conform to the current period presentation.

Use of Estimates

The preparation of unaudited consolidated financial statements in conformity with U.S. GAAP requires management to make assumptions and estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management’s estimates are based on historical experiences and other factors, including expectations of future events that management believes to be reasonable under the circumstances. It also requires management to exercise judgment in the process of applying the Company’s accounting policies. Assumptions and estimates regarding the valuation of investments and their resulting impact on base management and incentive fees involve a higher degree of judgment and complexity and these

Table of Contents

assumptions and estimates may be significant to the unaudited consolidated financial statements. Actual results could differ from these estimates and such differences could be material.

Investments

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment at the time of exit using the specific identification method without regard to unrealized appreciation or depreciation previously recognized, and includes investments charged off during the period, net of recoveries. Net change in unrealized appreciation or depreciation on investments as presented in the accompanying Consolidated Statements of Operations reflects the net change in the fair value of investments, including the reversal of previously recorded unrealized appreciation or depreciation when gains or losses are realized. See Note 3, Fair Value Measurements, to these unaudited consolidated financial statements for further information about fair value measurements.

Derivative Instruments

The Company follows the guidance in Topic 815, *Derivatives and Hedging* (“ASC 815”), when accounting for derivative instruments. The Company recognizes all derivative instruments at fair value as either assets or liabilities in its unaudited consolidated financial statements. Derivative instruments are measured in terms of the notional contract amount and derive their value based upon one or more underlying instruments. Derivative instruments are subject to various risks similar to non-derivative instruments including market, credit, liquidity, and operational risks. The Company manages these risks on an aggregate basis as part of its risk management process.

The Company has in the past and may in the future use forward currency contracts to economically hedge the currency exposure associated with certain foreign-denominated investments. The use of forward currency contracts does not eliminate fluctuations in the price of the underlying securities the Company owns or intends to acquire but establishes a rate of exchange in advance. Until the contracts are closed, fluctuations in the value of these contracts are measured by the difference in the exchange rates on the contract date and reporting date and are recorded as net change in unrealized gain (loss) on forward currency contracts within the Consolidated Statements of Operations. When the contracts are closed, realized gains (losses) are recorded as realized gain (loss) on forward currency contracts within the Consolidated Statements of Operations. The forward currency contracts are recorded at fair value on the Consolidated Statements of Assets and Liabilities by counterparty on a net basis, not taking into account collateral posted which is recorded separately, if applicable. The change in fair value of the forward currency contracts is reflected as net change in unrealized (gain) loss on forward currency contracts within the Consolidated Statements of Cash Flows. Refer to Note 8, Derivative Instruments, to these unaudited consolidated financial statements for further information.

The Company uses interest rate swaps to hedge some of the Company's fixed rate debt. The Company designated the interest rate swaps as the hedging instrument in an effective hedge accounting relationship and therefore the periodic payments and receipts are recognized as components of interest expense and credit facility fees within the accompanying Consolidated Statements of Operations. Depending on the nature of the balance at the end of the period, the fair value of the interest rate swap is either an asset and included in derivative assets, at fair value on the accompanying Consolidated Statements of Assets and Liabilities or a liability and included in derivative liabilities, at fair value on accompanying Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swap is offset by a change in the carrying value of the fixed rate debt. The change in fair value of the interest rate swap is reflected as net change in unrealized gain (loss) on interest rate swaps within the Consolidated Statements of Cash Flows.

Any amounts held by the Company in a separate account to cover collateral obligations to the counterparty under the terms of the ISDA Master Agreement (as defined in Note 8, Derivative Instruments, to these unaudited consolidated financial statements) and interest rate swap agreements are included in cash, cash equivalents, and restricted cash on the accompanying Consolidated Statements of Assets and Liabilities. Any amounts paid to and held by the counterparty to cover collateral obligations under the terms of the interest rate swap agreement are included in prepaid expenses and other assets on the accompanying Consolidated Statements of Assets and Liabilities. Any amounts paid from the counterparty due to market value fluctuations to cover collateral under the terms of the interest rate swap agreement are included in other accrued expenses and liabilities on accompanying Consolidated Statements of Assets and Liabilities.

Cash, Cash Equivalents and Restricted Cash

Cash, cash equivalents and restricted cash consist of demand deposits and highly liquid investments (e.g., money market funds, U.S. Treasury notes) with original maturities of three months or less. Cash equivalents are carried at amortized cost, which approximates fair value. The Company's cash, cash equivalents and restricted cash are held with two large financial

Table of Contents

institutions and cash held at each financial institution may, at times, exceed the Federal Deposit Insurance Corporation insured limit. As of March 31, 2026 and December 31, 2025, the Company held restricted cash balances of \$28,780 and \$31,474, respectively. Restricted cash balances represent amounts that are collected and held by trustees appointed by the Company for payment of interest expense and principal on the outstanding borrowings and reinvestment into new assets. Restricted cash balances also include amounts held by the Company in a separate account to cover collateral obligations under the terms of any interest rate swap agreements. The amounts are held by the trustees as custodians of the assets securing certain of the Company's financing transactions. As of March 31, 2026 and December 31, 2025, there was no restricted cash denominated in foreign currencies. As of March 31, 2026 and December 31, 2025, the cost of foreign currencies was \$2,789 and \$3,453, respectively. As of March 31, 2026 and December 31, 2025, the fair value of foreign currencies was \$2,779 and \$3,467, respectively.

Revenue Recognition

Interest from Investments

Interest income is recorded on an accrual basis and includes the accretion of discounts and amortization of premiums. Discounts from and premiums to par value on debt investments purchased are accreted/amortized into interest income over the life of the respective security using the effective interest method. The amortized cost of debt investments represents the original cost, including origination fees and upfront fees received that are deemed to be an adjustment to yield, adjusted for the accretion of discounts and amortization of premiums, if any.

The Company may have loans in its portfolio that contain payment-in-kind ("PIK") provisions. PIK income represents interest that is accrued and recorded as interest income at the contractual rates, increases the loan principal on the respective capitalization dates, and is generally due at maturity. As of March 31, 2026 and December 31, 2025, the fair value of the loans in the portfolio with PIK provisions was \$390,789 and \$305,090, respectively, which represents approximately 17.2% and 12.4%, respectively, of total investments at fair value. For the three months ended March 31, 2026 and 2025, the Company earned \$6,481 and \$5,379 in PIK income, respectively.

Dividend Income

Dividend income from the investment funds, Credit Fund and Credit Fund II, Structured Credit Partners, and other investments funds, if any, is recorded on the record date for the investment fund to the extent that such amounts are payable by the investment funds and are expected to be collected.

Other Income

Other income may include income such as consent, waiver, amendment, unused, underwriting, arranger and prepayment fees associated with the Company's investment activities as well as any fees for managerial assistance services rendered by the Company to the portfolio companies. Such fees are recognized as income when earned or the services are rendered. The Company may receive fees for guaranteeing the outstanding debt of a portfolio company. Such fees are amortized into other income over the life of the guarantee. The unamortized amount, if any, is included in prepaid expenses and other assets in the accompanying Consolidated Statements of Assets and Liabilities. For the three months ended March 31, 2026 and 2025, the Company earned \$2,595 and \$951, respectively, in other income, primarily from amendment fees, prepayment fees and unused commitment fees.

Non-Accrual Income

Loans are generally placed on non-accrual status when principal or interest payments are past due or when there is reasonable doubt that principal or interest will be collected in full. Accrued and unpaid interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest are current or there is no longer any reasonable doubt that such principal or interest will be collected in full and, in management's judgment, are likely to remain current. Management may determine not to place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection. As of March 31, 2026 and December 31, 2025, the fair value of investments on non-accrual status was \$20,617 and \$30,541, respectively. The remaining income producing investments were performing and current on their interest payments as of March 31, 2026 and December 31, 2025 and for the periods then ended.

Credit Facilities, Senior Notes, and Debt Securitization – Related Costs, Expenses and Deferred Financing Costs

The Credit Facilities, the 2015-1N Debt, and the Senior Notes, each as defined within Note 9, Borrowings, to these unaudited consolidated financial statements, are recorded at carrying value, which approximates fair value. Interest expense and

[Table of Contents](#)

unused commitment fees on the Credit Facilities are recorded on an accrual basis. Unused commitment fees are included in interest expense and credit facility fees in the accompanying Consolidated Statements of Operations.

Deferred financing costs include capitalized expenses related to the closing or amendments of the Credit Facilities. Amortization of deferred financing costs for the Credit Facilities is computed on the straight-line basis over the respective term of each Credit Facility. The unamortized balance of such costs is included in prepaid expenses and other assets in the accompanying Consolidated Statements of Assets and Liabilities. The amortization of such costs is included in interest expense and credit facility fees in the accompanying Consolidated Statements of Operations.

Debt issuance costs include capitalized expenses including structuring and arrangement fees related to the offering of the 2015-1N Debt and Senior Notes. Amortization of debt issuance costs for the notes is computed on the effective yield method over the term of the notes. The unamortized balance of such costs is presented as a direct deduction to the carrying amount of the notes in the accompanying Consolidated Statements of Assets and Liabilities. The amortization of such costs is included in interest expense and credit facility fees in the accompanying Consolidated Statements of Operations. Refer to Note 9, Borrowings, to these unaudited consolidated financial statements for additional information regarding the Company's financing activity.

Asset Acquisition

The CSL III Merger and Credit Fund II Purchase were accounted for under the asset acquisition method of accounting in accordance with ASC 805 – Business Combinations – Related Issues (“ASC Topic 805”), also referred to as “purchase accounting.” Under the asset acquisition method of accounting, acquiring assets in groups not only requires ascertaining the cost of the asset (or net assets), but also allocating that cost to the individual assets (or individual assets and liabilities) that make up the group. Per ASC Topic 805, assets are recognized based on their cost to the acquiring entity, which generally includes transaction costs of the asset acquisition, and no gain or loss is recognized unless the fair value of non-cash assets given as consideration differs from the assets' carrying amounts on the acquiring entity's books.

The cost of the group of assets acquired in an asset acquisition is allocated to the individual assets acquired or liabilities assumed based on the relative fair values of net identifiable assets acquired other than “non-qualifying” assets (for example, cash), and does not give rise to goodwill. To the extent that the consideration paid to the CSL III shareholders or the members of acquired entities exceeded the relative fair values of the net identifiable assets acquired, other than “non-qualifying” assets, any such premium paid by the Company was further allocated to the cost of the assets acquired by the Company pro-rata to their relative fair value, other than “non-qualifying” assets, which are investments in loans, equity securities and forward currency contracts. Immediately following the completion of the CSL III Merger and the Credit Fund II Purchase, the Company recorded the acquired assets at their respective fair values and, as a result, the purchase premium or discount allocated to the cost basis of the assets acquired was immediately recognized as unrealized depreciation or appreciation on the Company's Consolidated Statement of Operations. The purchase premium or discount allocated to investments in loan securities will amortize over the life of the loans through interest income, with a corresponding reversal of the unrealized depreciation/appreciation on the loans acquired through their ultimate disposition. Net increase (decrease) to investment income from the amortization of purchase premiums and discounts relating to asset acquisitions for the three months ended March 31, 2026 was \$(178). The purchase premium or discount allocated to investments in equity securities and forward currency contracts will not amortize through interest income and, assuming no subsequent change to the fair value of such equity securities and disposition at fair value, the Company will recognize a realized loss or a reduction in realized gains with a corresponding reversal of the unrealized depreciation or appreciation upon disposition of the CSL III equity securities and forward currency contracts acquired.

Income Taxes

For federal income tax purposes, the Company has elected to be treated as a RIC under the Code, and intends to make the required distributions to its stockholders as specified therein. In order to qualify as a RIC, the Company must meet certain minimum distribution, source-of-income and asset diversification requirements. If such requirements are met, then the Company is generally required to pay income taxes only on the portion of its taxable income and gains it does not distribute.

The minimum distribution requirements applicable to RICs require the Company to distribute to its stockholders at least 90% of its investment company taxable income (“ICTI”), as defined by the Code, each year. Depending on the level of ICTI earned in a tax year, the Company may choose to carry forward ICTI in excess of current year distributions into the next tax year. Any such carryover ICTI must be distributed before the end of that next tax year through a dividend declared prior to filing the final tax return related to the year which generated such ICTI.

Table of Contents

In addition, based on the excise distribution requirements, the Company is subject to a 4% nondeductible federal excise tax on undistributed income unless the Company distributes in a timely manner an amount at least equal to the sum of (1) 98% of its ordinary income for each calendar year, (2) 98.2% of capital gain net income (both long-term and short-term) for the one-year period ending October 31 in that calendar year and (3) any income realized, but not distributed, in the preceding year. For this purpose, however, any ordinary income or capital gain net income retained by the Company that is subject to corporate income tax is considered to have been distributed. For the three months ended March 31, 2026 and 2025, the Company incurred \$441 and \$676 in excise tax expense, respectively.

The Company evaluates tax positions taken or expected to be taken in the course of preparing its unaudited consolidated financial statements to determine whether the tax positions are “more likely than not” to be sustained by the applicable tax authority. The SPV, CSL III SPV, Credit Fund II and the 2015-1 Issuer are disregarded entities for tax purposes and are consolidated with the tax return of the Company. All penalties and interest associated with income taxes, if any, are included in income tax expense.

Dividends and Distributions to Common Stockholders

To the extent that the Company has taxable income available, the Company intends to make quarterly distributions to its common stockholders. Dividends and distributions to common stockholders are recorded on the record date. The amount to be distributed, if any, is determined by the Board of Directors each quarter and is generally based upon the taxable earnings estimated by management and available cash. Net realized capital gains, if any, are generally distributed at least annually, although the Company may decide to retain such capital gains for investment.

Prior to July 5, 2017, the Company had an “opt in” dividend reinvestment plan. Effective on July 5, 2017, the Company converted the “opt in” dividend reinvestment plan to an “opt out” dividend reinvestment plan that provides for reinvestment of dividends and other distributions on behalf of the common stockholders, other than those common stockholders who have “opted out” of the plan. As a result of adopting the plan, if the Board of Directors authorizes, and the Company declares, a cash dividend or distribution, the common stockholders who have not elected to “opt out” of the dividend reinvestment plan will have their cash dividends or distributions automatically reinvested in additional shares of the Company’s common stock, rather than receiving cash. Each registered stockholder may elect to have such stockholder’s dividends and distributions distributed in cash rather than participate in the plan. For any registered stockholder that does not so elect, distributions on such stockholder’s shares will be reinvested by State Street Bank and Trust Company, the Company’s plan administrator, in additional shares. The number of shares to be issued to the stockholder will be determined based on the total dollar amount of the cash distribution payable, net of applicable withholding taxes. The Company intends to use primarily newly issued shares to implement the plan so long as the market value per share is equal to or greater than the net asset value per share on the relevant valuation date. If the market value per share is less than the net asset value per share on the relevant valuation date, the plan administrator would implement the plan through the purchase of common stock on behalf of participants in the open market, unless the Company instructs the plan administrator otherwise.

Functional Currency

The functional currency of the Company is the U.S. Dollar. Investments are generally made in the local currency of the country in which the investments are domiciled and are translated into U.S. Dollars with foreign currency translation gains or losses recorded within net change in unrealized appreciation (depreciation) on investments in the accompanying Consolidated Statements of Operations. Foreign currency translation gains and losses on non-investment assets and liabilities are separately reflected in the accompanying Consolidated Statements of Operations.

Earnings Per Common Share

The Company computes earnings per common share in accordance with ASC 260, *Earnings Per Share* (“ASC 260”). Basic earnings per common share is calculated by dividing the net increase (decrease) in net assets resulting from operations attributable to common stock by the weighted average number of shares of common stock outstanding. Diluted earnings per common share reflects the assumed conversion of all dilutive securities.

Segment Reporting

In accordance with ASC Topic 280 - Segment Reporting (“ASC 280”), the Company has determined that it has a single operating and reporting segment. As a result, the Company’s segment accounting policies are the same as described herein and the Company does not have any intra-segment sales and transfers of assets.

Recent Accounting Standards Updates

In November 2024, the FASB issued ASU 2024-03, which requires disaggregated disclosure of income statement expense for public entities. The ASU does not change the expense captions an entity presents on the face of the income statement; rather, it requires disaggregation of certain expense captions into specified categories in disclosures within the footnotes to the financial statements. In January 2025, the FASB issued ASU 2025-01, which revises the effective date of ASU 2024-03. The amendments are effective for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027. The Company is currently evaluating the impact of this guidance.

In November 2024, the FASB issued ASU 2024-04, which amends ASC 470-20 to clarify the requirements related to accounting for the settlement of a debt instrument as an induced conversion. The amendments are effective for fiscal years and interim periods within fiscal years beginning after December 15, 2025. The Company notes this guidance does not have a material impact on its unaudited consolidated financial statements.

In November 2025, the FASB issued ASU 2025-09, which is intended to better align hedge accounting with entities' risk management activities. The amendments expand and clarify hedge accounting guidance for certain financial and nonfinancial risk components and align the recognition and presentation of the effects of hedging instruments and hedged items in the financial statements. The amendments are effective for fiscal years beginning after December 15, 2026, including interim periods within those fiscal years, with early adoption permitted. The Company does not expect this guidance to have a material impact on its unaudited consolidated financial statements.

3. FAIR VALUE MEASUREMENTS

The Company applies fair value accounting in accordance with the terms of FASB ASC Topic 820, *Fair Value Measurement* ("ASC 820"). ASC 820 defines fair value as the amount that would be exchanged to sell an asset or transfer a liability in an orderly transfer between market participants at the measurement date. Effective September 8, 2022, the Investment Adviser, as the valuation designee pursuant to Rule 2a-5 under the Investment Company Act, determines in good faith the fair value of the Company's investment portfolio for which market quotations are not readily available. The Investment Adviser values securities/instruments traded in active markets on the measurement date by multiplying the closing price of such traded securities/instruments by the quantity of shares or amount of the instrument held. The Investment Adviser may also obtain quotes with respect to certain of its investments, such as its securities/instruments traded in active markets and its liquid securities/instruments that are not traded in active markets, from pricing services, brokers, or counterparties (i.e., "consensus pricing"). When doing so, the Investment Adviser determines whether the quote obtained is sufficient according to U.S. GAAP to determine the fair value of the security. The Investment Adviser may use the quote obtained or alternative pricing sources may be utilized including valuation techniques typically utilized for illiquid securities/instruments.

Securities/instruments that are illiquid or for which the pricing source does not provide a valuation or methodology or provides a valuation or methodology that, in the judgment of the Investment Adviser, does not represent fair value shall each be valued as of the measurement date using all techniques appropriate under the circumstances and for which sufficient data is available. These valuation techniques may vary by investment and include comparable public market valuations, comparable precedent transaction valuations and/or discounted cash flow analyses. The process generally used to determine the applicable value is as follows: (i) the value of each portfolio company or investment is initially reviewed by the investment professionals responsible for such portfolio company or investment and, for non-traded investments, a standardized template designed to approximate fair market value based on observable market inputs, updated credit statistics and unobservable inputs is used to determine a preliminary value, which is also reviewed alongside consensus pricing, where available; (ii) preliminary valuation conclusions are documented and reviewed by a valuation committee comprised of personnel of the Investment Adviser; and (iii) the Investment Adviser engages a third-party valuation firm to provide positive assurance on portions of the Middle Market Senior Loans and equity investments portfolio each quarter (such that each non-traded investment other than Credit Fund and Structured Credit Partners is reviewed by a third-party valuation firm at least once on a rolling twelve month basis) including a review of management's preliminary valuation and conclusion on fair value.

All factors that might materially impact the value of an investment are considered, including, but not limited to the assessment of the following factors, as relevant:

- the nature and realizable value of any collateral;
- call features, put features and other relevant terms of debt;
- the portfolio company's leverage and ability to make payments;
- the portfolio company's public or private credit rating;

Table of Contents

- the portfolio company's actual and expected earnings and discounted cash flow;
- prevailing interest rates and spreads for similar securities and expected volatility in future interest rates;
- the markets in which the portfolio company does business and recent economic and/or market events; and
- comparisons to comparable transactions and publicly traded securities.

Investment performance data utilized are the most recently available financial statements and compliance certificates received from the portfolio companies as of the measurement date, which in many cases may reflect a lag in information.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Because of the inherent uncertainty of valuation, these estimated values may differ significantly from the values that would have been reported had a ready market for the investments existed, and it is reasonably possible that the difference could be material.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the realized gains or losses on investments to be different from the net change in unrealized appreciation or depreciation currently reflected in the unaudited consolidated financial statements as of March 31, 2026 and audited consolidated financial statements as of December 31, 2025.

U.S. GAAP establishes a hierarchical disclosure framework which ranks the level of observability of market price inputs used in measuring investments at fair value. The observability of inputs is impacted by a number of factors, including the type of investment and the characteristics specific to the investment and state of the marketplace, including the existence and transparency of transactions between market participants. Investments with readily available quoted prices or for which fair value can be measured from quoted prices in active markets generally have a higher degree of market price observability and a lesser degree of judgment applied in determining fair value.

Investments measured and reported at fair value are classified and disclosed based on the observability of inputs used in determination of fair values, as follows:

- Level 1—inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date. Financial instruments in this category generally include unrestricted securities, including equities and derivatives, listed in active markets. The Investment Adviser does not adjust the quoted price for these investments, even in situations where the Company holds a large position and a sale could reasonably impact the quoted price.
- Level 2—inputs to the valuation methodology are either directly or indirectly observable as of the reporting date and are those other than quoted prices in active markets. Financial instruments in this category generally include less liquid and restricted securities listed in active markets, securities traded in other than active markets, government and agency securities, and certain over-the-counter derivatives where the fair value is based on observable inputs.
- Level 3—inputs to the valuation methodology are unobservable and significant to overall fair value measurement. The inputs into the determination of fair value require significant management judgment or estimation. Financial instruments in this category generally include investments in privately-held entities, structured credit investments, and certain over-the-counter derivatives where the fair value is based on unobservable inputs.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the overall fair value measurement. The Investment Adviser's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment. Investments in Credit Fund and Structured Credit Partners are valued based on the legal form of investment. Investments structured through LLC membership interests may be valued using either the practical expedient (net asset value method) or a discounted cash flow method, as determined appropriate by the Investment Adviser. For those structured through subordinated notes, a discounted cash flow method is used.

Transfers between levels, if any, are recognized at the beginning of the period in which the transfers occur. For the three months ended March 31, 2026, there were transfers of 276 out of Level 3 and no transfers into Level 3. For the three months ended March 31, 2025, there were no transfers between levels.

The Company generally uses the following framework when determining the fair value of investments that are categorized as Level 3:

Investments in debt securities are initially evaluated to determine whether the enterprise value of the portfolio company is greater than the applicable debt. The enterprise value of the portfolio company is estimated using a market approach and an income approach. The market approach utilizes market value (EBITDA) multiples of publicly traded comparable companies and available precedent sales transactions of comparable companies. The Investment Adviser carefully considers numerous factors when selecting the appropriate companies whose multiples are used to value the Company's portfolio companies. These factors include, but are not limited to, the type of organization, similarity to the business being valued, relevant risk factors, as well as size, profitability and growth expectations. The income approach typically uses a discounted cash flow analysis of the portfolio company.

[Table of Contents](#)

Investments in debt securities that do not have sufficient coverage through the enterprise value analysis are valued based on an expected probability of default and discount recovery analysis.

Investments in debt securities with sufficient coverage through the enterprise value analysis are generally valued using a discounted cash flow analysis of the underlying security. Projected cash flows in the discounted cash flow typically represent the relevant security's contractual interest, fees and principal payments plus the assumption of full principal recovery at the security's expected maturity date. The discount rate to be used is determined using an average of two market-based methodologies. Investments in debt securities may also be valued using consensus pricing on indicative quotes, which includes quotes from pricing services, brokers, or counterparties as well as recent transaction prices.

Investments in equities are generally valued using a market approach and/or an income approach. The market approach utilizes market value (EBITDA) multiples of publicly traded comparable companies and available precedent sales transactions of comparable companies. The income approach typically uses a discounted cash flow analysis of the portfolio company.

Investments in Credit Fund's mezzanine loan are valued using collateral analysis with the expected recovery rate of principal and interest. Investments in Credit Fund's subordinated loan and member's interest are valued using discounted cash flow analysis with the expected discount rate, default rate and recovery rate of principal and interest. The investments in Structured Credit Partners Class A and Class B are valued using consensus pricing on indicative quotes, which includes recent transaction prices.

The significant unobservable inputs used in the fair value measurement of the Company's investments in first and second lien debt securities are discount rates, indicative quotes and comparable EBITDA multiples. The significant unobservable inputs used in the fair value measurement of the Company's investments in equities are discount rates and comparable EBITDA multiples. Significant increases in discount rates in isolation would result in a significantly lower fair value measurement. Significant decreases in indicative quotes or comparable EBITDA multiples in isolation would result in a significantly lower fair value measurement.

The significant unobservable input used in the fair value measurement of the Company's investment in the mezzanine loan of Credit Fund is the recovery rate of principal and interest. A significant decrease in the recovery rate would result in a significantly lower fair value measurement.

The significant unobservable inputs used in the fair value measurement of the Company's investments in the subordinated loan and member's interest of Credit Fund are the discount rate, default rate and recovery rate. The significant unobservable inputs used in the fair value measurement of the Company's investments in the member's interest of Structured Credit Partners are indicative quotes. Significant increases in the discount rate or default rate in isolation would result in a significantly lower fair value measurement. A significant decrease in the recovery rate in isolation would result in a significantly lower fair value measurement.

Total	\$ 1,395,319	\$ 1,399,893	\$ 1,543,660	\$ 1,544,646

The carrying values of the secured borrowings generally approximate their respective fair values due to their variable interest rates. Secured borrowings are categorized as Level 3 within the hierarchy.

The carrying values of the Senior Notes approximate their respective fair values due to their inclusion of the effective portion of the fair value of the interest rate swap, as further discussed in Note 8, Derivative Instruments, to these unaudited consolidated financial statements. The Senior Notes are categorized as Level 3 within the hierarchy.

The carrying value of the 2015-1N Debt approximates their fair value. The 2015-1N Debt is categorized as Level 3 within the hierarchy and is valued generally using market quotation(s) received from broker/dealer(s), which are significant unobservable inputs.

The carrying value of other financial assets and liabilities approximates their fair value based on the short-term nature of these items.

4. RELATED PARTY TRANSACTIONS

Investment Advisory Agreement

On April 3, 2013, the Company's Board of Directors, including a majority of the directors who are not "interested persons" as defined in Section 2(a)(19) of the Investment Company Act (the "Independent Directors"), approved an investment advisory agreement (the "Original Investment Advisory Agreement") between the Company and the Investment Adviser in accordance with, and on the basis of an evaluation satisfactory to such directors as required by, Section 15(c) of the Investment Company Act. The Original Investment Advisory Agreement was amended on September 15, 2017, August 6, 2018, and February 20, 2025 after receipt of requisite Board and stockholders' approvals, as applicable (as amended, the "Investment Advisory Agreement").

Unless terminated earlier, the Investment Advisory Agreement renews automatically for successive annual periods, provided that such continuance is specifically approved at least annually by the vote of the Board of Directors and by the vote of a majority of the Independent Directors. On April 29, 2026, the Company's Board of Directors, including a majority of the Independent Directors, approved at an in-person meeting the continuance of the Company's Investment Advisory Agreement with the Adviser for an additional one year term. The Investment Advisory Agreement will automatically terminate in the event of an assignment and may be terminated by either party without penalty upon at least 60 days' written notice to the other party. Subject to the overall supervision of the Board of Directors, the Adviser provides investment advisory services to the Company. For providing these services, the Adviser receives fees from the Company consisting of two components—a base management fee and an incentive fee.

The base management fee is calculated at an annual rate of 1.50% of the average value of the Company's gross assets at the end of the two most recently completed fiscal quarters; provided, however, the base management fee is calculated at an annual rate of 1.00% of the Company's gross assets as of the end of the two most recently completed calendar quarters that

Table of Contents

exceeds the product of (A) 200% and (B) the average value of the Company's net asset value at the end of the two most recently completed calendar quarters. "Gross assets" is determined on a consolidated basis in accordance with U.S. GAAP, includes assets acquired through the incurrence of debt (see Note 9, Borrowings, to these unaudited consolidated financial statements), and excludes cash and any temporary investments in cash equivalents. For purposes of this calculation, cash and cash equivalents includes U.S. government securities and other high quality investment grade debt investments that mature in 12 months or less from the date of investment. The base management fee is payable quarterly in arrears, will be appropriately adjusted for any share issuances or repurchases during such the applicable fiscal quarters, and will be appropriately pro-rated for any partial month or quarter.

The incentive fee has two parts. The first part is calculated and payable quarterly in arrears based on the pre-incentive fee net investment income for the immediately preceding calendar quarter. The second part is determined and payable in arrears based on capital gains as of the end of each calendar year.

Pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that the Company receives from portfolio companies) accrued during the calendar quarter, minus the operating expenses accrued for the quarter (including the base management fee, expenses payable under the administration agreement, and any interest expense or fees on any credit facilities or outstanding debt and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash. Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

Under the Third Amended and Restated Investment Advisory Agreement, dated February 20, 2025, the calculation of "Pre-Incentive Fee Net Investment Income" was amended to exclude any amortization or accretion of purchase premiums or purchase discounts to interest income resulting solely from merger-related or acquisition-related accounting adjustments in connection with the assets acquired in the CSL III Merger, Credit Fund II Purchase, or in any similar asset acquisition transaction, including any premium or discount paid for the acquisition of such assets, solely to the extent that the inclusion of such merger-related or acquisition-related accounting adjustments, in the aggregate, would result in an increase in Pre-Incentive Fee Net Investment Income.

Pre-incentive fee net investment income, expressed as a rate of return on the value of the Company's net assets at the end of the immediately preceding calendar quarter, has been compared to a "hurdle rate" of 1.50% per quarter (6.00% annualized) or a "catch-up rate" of 1.82% per quarter (7.28% annualized), as applicable.

Pursuant to the Investment Advisory Agreement, the Company pays its Investment Adviser an incentive fee with respect to its pre-incentive fee net investment income in each calendar quarter as follows:

- no incentive fee based on pre-incentive fee net investment income in any calendar quarter in which its pre-incentive fee net investment income does not exceed the hurdle rate of 1.50%;
- 100% of pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 1.82% in any calendar quarter (7.28% annualized). The Company refers to this portion of the pre-incentive fee net investment income (which exceeds the hurdle rate but is less than 1.82%) as the "catch-up." The "catch-up" is meant to provide the Investment Adviser with approximately 17.5% of the Company's pre-incentive fee net investment income as if a hurdle rate did not apply if this net investment income exceeds 1.82% in any calendar quarter; and
- 17.5% of the amount of pre-incentive fee net investment income, if any, that exceeds 1.82% in any calendar quarter (7.28% annualized) will be payable to the Investment Adviser. This reflects that once the hurdle rate is reached and the catch-up is achieved, 17.5% of all pre-incentive fee net investment income thereafter is allocated to the Investment Adviser.

The second part of the incentive fee is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 17.5% of realized capital gains, if any, on a cumulative basis from inception through the date of determination, computed net of all realized capital losses on a cumulative basis and unrealized capital depreciation, less the aggregate amount of any previously paid capital gain incentive fees, provided that, the incentive fee determined at the end of the first calendar year of operations may be calculated for a period of shorter than twelve calendar months to take into account any realized capital gains computed net of all realized capital losses on a cumulative basis and unrealized capital depreciation.

Table of Contents

Under the Third Amended and Restated Investment Advisory Agreement, the calculation of cumulative aggregate realized capital gains, cumulative aggregate realized capital losses, and aggregate unrealized capital depreciation also excludes any amounts that result solely from merger-related or acquisition-related accounting adjustments in connection with assets acquired in the CSL III Merger and Credit Fund II Purchase or any similar asset acquisition transaction, including any premium or discount paid for the acquisition of such assets, solely to the extent that inclusion of such adjustments would, in the aggregate, result in an increase in the second part of the incentive fees.

Below is a summary of the base management fees and incentive fees incurred during the three months ended March 31, 2026 and 2025.

	Three Months Ended March 31,	
	2026	2025
Base management fees	\$ 8,786	\$ 7,609
Incentive fees	5,348	4,400
Total base management fees and incentive fees	<u>\$ 14,134</u>	<u>\$ 12,009</u>

Accrued capital gains incentive fees are based upon the cumulative net realized and unrealized appreciation (depreciation) from inception. Accordingly, the accrual for any capital gains incentive fee under U.S. GAAP in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reduction of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. For the three months ended March 31, 2026 and 2025, there were no accrued or realized capital gains incentive fees.

As of March 31, 2026 and December 31, 2025, \$14,124 and \$14,360, respectively, was included in base management and incentive fees payable in the accompanying Consolidated Statements of Assets and Liabilities.

On April 3, 2013, the Investment Adviser entered into a personnel agreement with The Carlyle Group Employee Co., L.L.C. (“Carlyle Employee Co.”), an affiliate of the Investment Adviser, pursuant to which Carlyle Employee Co. provides the Investment Adviser with access to investment professionals.

Administration Agreement

On April 3, 2013, the Company’s Board of Directors approved the Administration Agreement (the “Administration Agreement”) between the Company and the Administrator. Unless terminated earlier, the Administration Agreement will renew automatically for successive annual periods, provided that such continuance is specifically approved at least annually by (i) the vote of the Board of Directors or by a majority vote of the outstanding voting securities of the Company and (ii) the vote of a majority of the Company’s Independent Directors. The Administration Agreement may not be assigned by a party without the consent of the other party and may be terminated by either party without penalty upon at least 60 days’ written notice to the other party. On April 29, 2026, the Company’s Board of Directors, including a majority of the Independent Directors, approved the continuance of the Administration Agreement for a one year period.

Pursuant to the Administration Agreement, the Administrator provides services and receives reimbursements equal to an amount that reimburses the Administrator for its costs and expenses and the Company’s allocable portion of overhead incurred by the Administrator in performing its obligations under the Administration Agreement, including the Company’s allocable portion of the compensation paid to or compensatory distributions received by the Company’s officers (including the Chief Financial Officer and Chief Compliance Officer) and respective staff who provide services to the Company, operations staff who provide services to the Company, and any internal audit staff, to the extent internal audit performs a role in the Company’s internal control assessment under the Sarbanes-Oxley Act of 2002, as amended (the “Sarbanes-Oxley Act”). Reimbursement under the Administration Agreement occurs quarterly in arrears.

For the three months ended March 31, 2026 and 2025, the Company incurred \$482 and \$406, respectively, in fees under the Administration Agreement. These fees are included in administrative service fees in the accompanying Consolidated Statements of Operations. As of March 31, 2026 and December 31, 2025, \$1,738 and \$1,261, respectively, was unpaid and included in administrative service fees payable in the accompanying Consolidated Statements of Assets and Liabilities.

Sub-Administration Agreements

On April 3, 2013, the Administrator entered into a sub-administration agreement with Carlyle Employee Co. (the “Carlyle Sub-Administration Agreement”). Pursuant to the Carlyle Sub-Administration Agreement, Carlyle Employee Co. provides the Administrator with access to personnel.

Table of Contents

On April 3, 2013, the Administrator entered into a sub-administration agreement with State Street Bank and Trust Company (“State Street” and, such agreement, the “State Street Sub-Administration Agreement” and, together with the Carlyle Sub-Administration Agreement, the “Sub-Administration Agreements”). Unless terminated earlier, the State Street Sub-Administration Agreement renews automatically for successive annual periods, provided that such continuance is specifically approved at least annually by (i) the vote of the Board of Directors or by the vote of a majority of the outstanding voting securities of the Company and (ii) the vote of a majority of the Company’s Independent Directors. On April 29, 2026, the Company’s Board of Directors, including a majority of the Independent Directors, approved the continuance of each Sub-Administration Agreement for a one year period. The State Street Sub-Administration Agreement may be terminated upon at least 60 days’ written notice and without penalty by the vote of a majority of the outstanding securities of the Company, or by the vote of the Board of Directors or by either party to the State Street Sub-Administration Agreement.

For the three months ended March 31, 2026 and 2025, the Company incurred \$206 and \$182, respectively, in fees under the State Street Sub-Administration Agreement. These fees are included in other general and administrative expenses in the accompanying Consolidated Statements of Operations. As of March 31, 2026 and December 31, 2025, \$406 and \$333, respectively, was unpaid and included in other accrued expenses and liabilities in the accompanying Consolidated Statements of Assets and Liabilities.

License Agreement

The Company has entered into a royalty free license agreement with CIM, which wholly owns the Investment Adviser and is a wholly owned subsidiary of Carlyle, pursuant to which CIM has granted the Company a non-exclusive, revocable and non-transferable license to use the name and mark “Carlyle.”

Board of Directors

The Company’s Board of Directors currently consists of seven members, four of whom are Independent Directors. The Board of Directors has established an Audit Committee, a Pricing Committee, a Nominating and Governance Committee, and a Compensation Committee. The members of Audit, Nominating and Governance and Compensation committees consist entirely of Independent Directors. In 2024, the Board of Directors established a Special Committee, consisting solely of Independent Directors, to evaluate the terms of the CSL III Merger. The Special Committee is no longer active. The Board of Directors may establish additional committees in the future. For the three months ended March 31, 2026 and 2025, the Company incurred \$187 and \$148, respectively, in fees and expenses associated with its directors’ services on the Company’s Board of Directors and its committees. These fees are included in directors’ fees and expenses in the accompanying Consolidated Statements of Operations. As of March 31, 2026 and December 31, 2025, no fees or expenses associated with its directors were payable.

Transactions with Investment Funds

At times, the Company will engage in purchase and sale transactions with Credit Fund, as detailed below. See Note 5, Middle Market Credit Fund, LLC, to these unaudited consolidated financial statements for further information about Credit Fund.

	Three Months Ended March 31,	
	2026	2025
Number of investments sold	9	7
Proceeds from investments	\$ 152,642	\$ 88,850
Realized gain (loss) from investments	\$ (441)	\$ 763

Prior to the Credit Fund II Purchase in February 2025, the Company engaged in purchase and sale transactions with Credit Fund II. There were no purchase or sale transactions during the period from January 1, 2025 through the Credit Fund II Purchase date. See Note 6, Middle Market Credit Fund II, LLC, to these unaudited consolidated financial statements for further information about Credit Fund II.

Cumulative Convertible Preferred Stock

On May 5, 2020, the Company issued and sold 2,000,000 shares of the cumulative convertible preferred stock, par value \$0.01 per share (the “Preferred Stock”), to an affiliate of Carlyle in a private placement at a price of \$25 per share.

In connection with the completion of the CSL III Merger, on March 27, 2025, and in a transaction exempt from registration under the Securities Act, CIM exchanged all 2,000,000 outstanding shares of the Company’s Preferred Stock for 3,004,808 shares of the Company’s common stock based on the aggregate \$50,000 liquidation preference of the Preferred Stock

[Table of Contents](#)

and the Company's net asset value per share as of March 25, 2025, equal to \$16.64. All accrued and unpaid dividends on the Preferred Stock were paid in cash immediately prior to the exchange. The Preferred Stock was cancelled upon exchange, and CIM now holds only the Company's common stock. See Note 11, Net Assets, to these unaudited consolidated financial statements for further information about the Preferred Stock and Preferred Stock Exchange. For the period from January 1, 2025 to the Preferred Stock Exchange on March 27, 2025, the Company declared and paid dividends on the Preferred Stock of \$826.

Transactions with Carlyle

On October 18, 2024, the Company paid an affiliate of Carlyle a fee for underwriting services rendered in connection with the issuance of the 2030 Notes, as defined in Note 9, Borrowings, to these unaudited consolidated financial statements, in the amount of 1.00% of the \$9.0 million in aggregate principal of the notes underwritten by the affiliate. See Note 9, Borrowings, to these unaudited consolidated financial statements for further information about the 2028 Notes and the 2030 Notes.

CSL III Merger

Effective March 27, 2025, \$1,413 of incentive fees were assumed by the Company upon completion of the merger. These incentive fees were accrued by CSL III prior to the completion of the CSL III Merger and were payable to CSL III Advisor under the investment advisory agreement between CSL III and CSL III Advisor. The incentive fees were paid subsequent to March 27, 2025. The investment advisory agreement between CSL III and CSL III Advisor was terminated upon completion of the CSL III Merger.

Effective March 27, 2025, \$1,998 of reimbursable expenses were assumed by the Company upon completion of the merger. These reimbursable expenses were outstanding and payable by CSL III Advisor to CSL III under the expense support and conditional reimbursement agreement (the "CSL III Reimbursement Agreement") and had been incurred prior to the completion of the CSL III Merger. These reimbursable expenses were subsequently received after March 27, 2025. The CSL III Reimbursement Agreement was terminated upon the completion of the CSL III Merger.

In connection with the completion of the CSL III Merger, the Investment Adviser and CSL III Advisor paid \$5,000 in merger-related expenses on behalf of the Company and CSL III. All merger-related expenses incurred above \$5,000 were borne by the Company and CSL III in accordance with the Merger Agreement.

5. MIDDLE MARKET CREDIT FUND, LLC

Overview

On February 29, 2016, the Company and Credit Partners entered into an amended and restated limited liability company agreement, which was most recently amended on February 11, 2026 to co-manage Credit Fund, a Delaware limited liability company that is not consolidated in the Company's unaudited consolidated financial statements. Credit Fund primarily invests in first lien loans of middle market companies. Credit Fund is managed by a six-member board of managers, on which the Company and Credit Partners each have equal representation. Establishing a quorum for Credit Fund's board of managers requires at least four members to be present at a meeting, including at least two of the Company's representatives and two of Credit Partners' representatives. The Company and Credit Partners each have 50% economic ownership of Credit Fund and have commitments to fund, from time to time, capital of up to \$250,000 each as of March 31, 2026, increased from \$175,000 each on February 11, 2026. Funding of such commitments generally requires the approval of the board of Credit Fund, including the board members appointed by the Company. By virtue of its membership interest, the Company and Credit Partners each indirectly bear an allocable share of all expenses and other obligations of Credit Fund.

Together with Credit Partners, the Company co-invests through Credit Fund. Investment opportunities for Credit Fund are sourced primarily by the Company and its affiliates. Portfolio and investment decisions with respect to Credit Fund must be unanimously approved by a quorum of Credit Fund's investment committee consisting of an equal number of representatives of the Company and Credit Partners. Therefore, although the Company owns more than 25% of the voting securities of Credit Fund, the Company does not believe that it has control over Credit Fund (other than for purposes of the Investment Company Act).

Middle Market Credit Fund SPV, LLC (the "Credit Fund Sub"), a Delaware limited liability company, was formed on April 5, 2016. Credit Fund Sub is a wholly owned subsidiary of Credit Fund and is consolidated in Credit Fund's consolidated financial statements commencing from the date of its formation. Credit Fund Sub primarily invests in first lien loans of middle market companies. Credit Fund and its wholly owned subsidiary follow the same Internal Risk Rating System as the Company.

Refer to “Debt” below in this Note 5 for discussions regarding the credit facility entered into and the notes issued by such wholly owned subsidiaries.

Credit Fund, the Company, and Credit Partners entered into an administration agreement with Carlyle Global Credit Administration L.L.C., the administrative agent of Credit Fund (in such capacity, the “Credit Fund Administrative Agent”), pursuant to which the Credit Fund Administrative Agent is delegated certain administrative and non-discretionary functions, is authorized to enter into sub-administration agreements at the expense of Credit Fund with the approval of the board of managers of Credit Fund, and is reimbursed by Credit Fund for its costs and expenses and Credit Fund’s allocable portion of overhead incurred by the Credit Fund Administrative Agent in performing its obligations thereunder.

Selected Financial Data

Since inception of Credit Fund and through March 31, 2026 and December 31, 2025, the Company and Credit Partners each made capital contributions of \$1 in members’ equity and \$216,000 in subordinated loans to Credit Fund. On March 24, 2025, the Company and Credit Partners each received an aggregate return of capital on subordinated loans of \$62,500. Since inception, the Company and Credit Partners each have received an aggregate return of capital on subordinated loans of \$85,500. (a) Denotes that all or a portion of the assets are owned by Credit Fund. Credit Fund has entered into a revolving credit facility with the Company (the "Credit Fund Facility"). On February 25, 2026, Credit Fund also entered into a revolving credit facility (the "Credit Fund Subscription Facility"), pursuant to which the lenders have a first priority lien on the unfunded capital commitments, the collateral accounts and other related assets. Accordingly, such assets are not available to creditors of Credit Fund Sub.

(b) Denotes that all or a portion of the assets are owned by Credit Fund Sub. Credit Fund Sub has entered into a revolving credit facility (the "Credit Fund Sub 2025 Facility"). The lenders of the Credit Fund Sub 2025 Facility have a first lien security interest in substantially all of the assets of Credit Fund Sub. Accordingly, such assets are not available to creditors of Credit Fund.

- Unless otherwise indicated, issuers of investments held by Credit Fund are domiciled in the United States. As of March 31, 2026, the geographical composition of investments as a percentage of fair value was 2.4% in Australia, 1.0% in Ireland, 2.2% in Luxembourg, 0.8% in the Netherlands, 3.4% in Canada, 1.5% in United Kingdom and 88.7% in the United States. Certain portfolio company investments are subject to contractual restrictions on sales.
- Variable rate loans to the portfolio companies bear interest at a rate that is determined by reference to either SOFR or an alternate base rate (commonly based on the Federal Funds Rate or the U.S. Prime Rate), which generally resets quarterly. For each such loan, Credit Fund has indicated the reference rate used and provided the spread and the interest rate in effect as of March 31, 2026. As of March 31, 2026, the reference rates for Credit Fund's variable rate loans were the 30-day EURIBOR at 1.89%, the 90-day EURIBOR at 2.08%, the 180-day EURIBOR at 2.48%, 30-day SOFR at 3.69%, the 90-day SOFR at 3.65% and the 180-day SOFR at 3.57%.
- Loan includes interest rate floor feature, which ranges from 0.50% to 1.00%.
- Amortized cost represents original cost, including origination fees and upfront fees received that are deemed to be an adjustment to yield, adjusted for the accretion/amortization of discounts/premiums, as applicable, on debt investments using the effective interest method.
- Fair value is determined in good faith by or under the direction of the board of managers of Credit Fund, pursuant to Credit Fund's valuation policy, with the fair value of all investments determined using significant unobservable inputs, which is substantially similar to the valuation policy of the Company provided in Note 3, Fair Value Measurements, to these unaudited consolidated financial statements.
- Loans include a credit spread adjustment that typically ranges from 0.10% to 0.43%.
- Represents an investment on non-accrual status as of March 31, 2026.
- Represents a non-income producing security as of March 31, 2026.
- As of March 31, 2026, Credit Fund had the following unfunded commitments to fund delayed draw and revolving senior secured loans. The unfunded debts' fair value is included in investments, at fair value on the accompanying Selected Consolidated Balance Sheet Information:

The Credit Fund and Credit Fund Sub are party to separate credit facilities, as described below. As of March 31, 2026 and December 31, 2025, Credit Fund and Credit Fund Sub were in compliance with all covenants and other requirements of their respective credit facility agreements. Below is a summary of each facility and their borrowing and repayment activity for the respective periods.

Credit Fund Facility. On June 24, 2016, Credit Fund closed on the Credit Fund Facility, which has been amended from time to time, most recently on February 24, 2026, pursuant to which Credit Fund may from time to time request mezzanine loans from the Company. The maximum principal amount of the Credit Fund Facility is \$100,000, subject to availability under the Credit Fund Facility, which is based on certain advance rates multiplied by the value of Credit Fund's portfolio investments net of certain other indebtedness that Credit Fund may incur in accordance with the terms of the Credit Fund Facility. Proceeds of the Credit Fund Facility may be used for general corporate purposes, including the funding of portfolio investments. Amounts drawn under the Credit Fund Facility bear interest at the greater of zero and SOFR plus an applicable spread of 6.50% (5.50% prior to the February 24, 2026 amendment) and such interest payments are made quarterly. The availability period under the Credit Fund Facility will terminate on May 21, 2028, (May 21, 2025 prior to the March 18, 2025 amendment), which is also its maturity date upon which Credit Fund is obligated to repay any outstanding borrowings.

Credit Fund Sub 2016 Facility. On June 24, 2016, Credit Fund Sub entered into a revolving credit facility (the "Credit Fund Sub 2016 Facility"), which had been amended from time to time, most recently on November 4, 2024. The Credit Fund Sub 2016 Facility provided up to an amount equal to \$465,000 (\$640,000 prior to the May 29, 2024 amendment) in secured borrowings during the applicable revolving period (the borrowing base as calculated pursuant to the terms of the Credit Fund Sub 2016 Facility). The aggregate maximum credit commitment could have been increased up to an amount not to exceed \$1,400,000, subject to certain restrictions and conditions set forth in the Credit Fund Sub 2016 Facility, including adequate collateral to support such borrowings. The Credit Fund Sub 2016 Facility had a revolving period through May 23, 2025 and a maturity date of May 23, 2026, which could have been extended by mutual agreement of the parties to the Credit Fund Sub 2016 Facility. Borrowings under the Credit Fund Sub 2016 Facility bore interest initially at the applicable commercial paper rate (if the lender was a conduit lender) or SOFR plus 2.30% (2.70% prior to the November 4, 2024). The Credit Fund Sub was also required to pay an unused commitment fee of between 0.00% to 1.75% (0.50% and 0.75% prior to the November 4, 2024 amendment) per year depending on the usage of the Credit Fund Sub 2016 Facility. Payments under the Credit Fund Sub 2016 Facility were made quarterly. Subject to certain exceptions, the Facility was secured by a first lien security interest in substantially all of the portfolio investments held by the Credit Fund Sub. The outstanding borrowings on the Credit Fund Sub 2016 Facility were repaid in full on March 20, 2025.

Credit Fund Sub 2025 Facility. On March 20, 2025, Credit Fund Sub closed on the Credit Fund Sub 2025 Facility. On October 28, 2025, the Company increased the total commitments under the Credit Sub 2025 Facility by \$200,000 pursuant to the terms of the agreement, resulting in total commitments increasing to \$800,000 (\$600,000 prior to the October 28, 2025 amendment). The aggregate commitment may be increased up to an amount not to exceed \$800,000, subject to certain conditions as set forth in the Credit Fund Sub 2025 Facility. The Credit Fund Sub 2025 Facility has a revolving period through March 20, 2028 and maturity date of March 20, 2035. Borrowings under the Credit Fund Sub 2025 Facility bear interest at either a SOFR or Eurocurrency rate, with an applicable margin of 1.60%. In addition, Credit Fund Sub is required to pay an unused commitment fee of 0.50% depending on the usage of the Credit Fund Sub 2025 Facility. Payments under the Credit Fund Sub 2025 Facility are made quarterly. Subject to certain exceptions, the Credit Fund Sub 2025 Facility is secured by a

Credit Fund Subscription Facility. On February 25, 2026, Credit Fund entered into a revolving credit facility (the “Credit Fund Subscription Facility”). The Credit Fund Subscription Facility provides for revolving borrowings and the issuance of letters of credit in an aggregate amount of up to \$200,000, with an accordion feature allowing for increases up to \$250,000, subject to certain conditions. Borrowings under the Credit Fund Subscription Facility bear interest at rates equal to SOFR plus 1.80%. The Credit Fund Subscription Facility also requires the payment of an unused commitment fee of 0.25% on undrawn amounts. The availability period extends through the maturity date of February 25, 2028, which may be extended once for up to 364 days at the election of Credit Fund, subject to certain conditions. The obligations under the Credit Fund Subscription Facility are secured by a first priority lien on the unfunded capital commitments of Credit Fund’s investors, the right to call capital from Credit Fund’s investors, the collateral accounts and other related assets.

6. MIDDLE MARKET CREDIT FUND II, LLC

Overview

On November 3, 2020, the Company and CCLF entered into a limited liability company agreement to co-manage Credit Fund II, a Delaware limited liability company. Prior to the completion of the Credit Fund II Purchase, the Company and CCLF had approximately 84.13% and 15.87% economic ownership of Credit Fund II, respectively, and Credit Fund II was managed by a four-member board of managers, on which the Company and CCLF each had equal representation. Prior to the Credit Fund II Purchase, the Company’s membership interest in Credit Fund II was included within Investments–Controlled/Affiliated within the accompanying Consolidated Statements of Assets and Liabilities and Consolidated Schedules of Investments.

On February 10, 2025, the Company and CCLF entered into the Amended Credit Fund II LLCA. Pursuant to the terms of the Amended Credit Fund II LLCA, Credit Fund II distributed \$2,667 to CCLF, and the Company contributed \$140,000 in cash to Credit Fund II. Such distributions and contributions were accounted for as a reduction in CCLF’s membership interest based on the net asset value of Credit Fund II as of December 31, 2024. On February 11, 2025, the Company completed the Credit Fund II Purchase, after which Credit Fund II became a wholly owned subsidiary of the Company and in connection therewith the CCLF board members resigned.

Middle Market Credit Fund II SPV, LLC (“Credit Fund II Sub”), a Delaware limited liability company, was formed on September 4, 2020. Credit Fund II Sub is a wholly owned subsidiary of Credit Fund II and is consolidated in Credit Fund II’s consolidated financial statements commencing from the date of its formation. Credit Fund II Sub primarily holds investments in first lien loans of middle market companies, which were pledged as security for the Credit Fund II Senior Notes.

On November 3, 2020, Credit Fund II Sub closed on the Credit Fund II Senior Notes (the “Credit Fund II Senior Notes”) with lenders, which has been amended from time to time, most recently on August 4, 2023. The Credit Fund II Senior Notes provided for secured borrowings totaling \$157,500. On February 11, 2025, in connection with the Credit Fund II Purchase, Credit Fund II Sub repaid the remaining principal balance of the Credit Fund II Senior Notes in full.

Table of Contents

Credit Fund II, the Company and CCLF entered into an administration agreement with Carlyle Global Credit Administration L.L.C., the administrative agent of Credit Fund II (in such capacity, the “Credit Fund II Administrative Agent”), pursuant to which the Credit Fund II Administrative Agent is delegated certain administrative and non-discretionary functions, is authorized to enter into sub-administration agreements at the expense of Credit Fund II with the approval of the board of managers of Credit Fund II, and is reimbursed by Credit Fund II for its costs and expenses and Credit Fund II’s allocable portion of overhead incurred by the Credit Fund II Administrative Agent in performing its obligations thereunder. As of February 11, 2025, the Credit Fund II Administrative Agreement was effectively terminated.

7. STRUCTURED CREDIT PARTNERS JV, LLC

Overview

On December 23, 2025, the Company and CARS, an affiliated BDC of the Company, together with Sixth Street (collectively the “SCP Members”), entered into an amended and restated limited liability company agreement, as amended from time to time, to co-manage Structured Credit Partners, a Delaware limited liability company that is not consolidated in the Company’s unaudited consolidated financial statements. Structured Credit Partners primarily invests in broadly syndicated loans and is co-managed by Carlyle and Sixth Street. The broadly syndicated loans are financed by financing subsidiaries that include warehouses and collateralized loan obligations. It is the intention of the SCP Members that Structured Credit Partners’ capital be allocated over time approximately equally among financing subsidiaries managed by affiliates of the Company and affiliates of Sixth Street.

Structured Credit Partners is managed by eight board members, with each SCP Member having equal representation. Establishing a quorum for Structured Credit Partners’ board of managers requires at least four members to be present, including at least one representative appointed by each SCP Member, and actions of the board generally require unanimous approval of all members present at a meeting at which a quorum is established. The SCP Members hold equal voting interests through non-economic Class A membership interests, and economic interests are held through Class B and Class C membership interests, with economic ownership determined based on funded capital contributions and capital commitments. Capital contributions are made pursuant to board-approved capital calls, and no SCP Member is required to fund capital in excess of its capital commitment. In accordance with their respective economic interests, the SCP Members indirectly bear their allocable share of all expenses and other obligations of Structured Credit Partners.

Together with the other SCP Members, the Company co-invests through Structured Credit Partners. Investment opportunities for Structured Credit Partners are sourced primarily by affiliates of the SCP Members. Portfolio and investment decisions with respect to Structured Credit Partners must be unanimously approved by a quorum of Structured Credit Partners’ investment committee consisting of an equal number of representatives appointed by the Carlyle-affiliated SCP Members and the Sixth Street-affiliated SCP Members. Therefore, because the Company does not own more than 25% of the voting interests of Structured Credit Partners, the Company does not believe that it has control over Structured Credit Partners for accounting purposes or for purposes of the Investment Company Act.

Structured Credit Partners entered into an administration agreement with Carlyle Global Credit Administration L.L.C., the administrative agent of Structured Credit Partners, pursuant to which the administrative agent is delegated certain administrative and non-discretionary functions, is authorized to enter into sub-administration agreements at the expense of Structured Credit Partners with board approval, and is reimbursed by Structured Credit Partners for its costs, expenses, and allocable overhead incurred in performing its obligations thereunder.

Economic interests are based on funded capital contributions and capital commitments through Class B and Class C membership. The Class A, Class B, and Class C memberships are as follows:

8. DERIVATIVE INSTRUMENTS

The Company enters into derivatives from time to time to help mitigate its foreign currency and interest rate risk exposures.

In order to better define its contractual rights and to secure rights that would help the Company mitigate its counterparty risk, with respect to forward currency contracts, the Company had previously entered into an International Swaps and Derivatives Association, Inc. Master Agreement (“ISDA Master Agreement”) with the derivative counterparty, Barclays Bank PLC (“Barclays”). Each ISDA Master Agreement was a bilateral agreement between the Company and Barclays that governs over the counter derivatives, including forward currency contracts, and contained, among other things, collateral posting terms and netting provisions in the event of a default and/or termination event. The provisions of each ISDA Master Agreement with Barclays permitted a single net payment in the event of a default (close-out netting) or similar event, including the bankruptcy or insolvency of Barclays. The Company minimizes counterparty credit risk by only entering into agreements with counterparties that it believes to be of good standing and by monitoring the financial stability of those counterparties.

On March 27, 2025, in connection with the CSL III Merger, the Company assumed the forward currency contracts held by CSL III under its ISDA Master Agreement with each of its derivative counterparties, Barclays and Macquarie Bank Limited (“Macquarie” and together with Barclays, the “Counterparties” and each a “Counterparty”). All the forward currency contracts assumed from the CSL III Merger were closed on March 31, 2025. Refer to Note 16, Merger with CSL III, to these unaudited consolidated financial statements for additional information regarding the CSL III Merger.

In November 2023, in connection with the issuance of the 2028 Notes, the Company entered into a five-year interest rate swap agreement with Morgan Stanley Capital Services LLC (“Morgan Stanley”) to mitigate the exposure to adverse fluctuations in interest rates for a total notional amount of \$85.0 million, maturing on December 1, 2028. Morgan Stanley had the ability to exercise an early termination commencing on December 1, 2025, subject to providing written notice thirty days prior. Under the interest rate swap agreement, the Company received a fixed interest of 8.20% and paid a floating rate based on the compounded average daily SOFR rate plus 3.139%. The Company designated this interest rate swap agreement as a hedging instrument to the 2028 Notes. In connection with the redemption of the 2028 Notes, Morgan Stanley elected to exercise the early termination right, and the interest rate swap agreement was terminated effective December 1, 2025.

In October 2024, in connection with the issuance of the 2030 Notes, the Company entered into an interest rate swap agreement with JP Morgan Chase Bank N.A. (“JP Morgan”) to mitigate the exposure to adverse fluctuations in interest rates for a total notional amount of \$300.0 million, maturing on February 18, 2030. Under the interest rate swap agreement, commencing on the effective date of August 18, 2025, the Company receives a fixed interest rate of 6.75% and pays a floating interest rate based on the compounded average daily SOFR plus 3.235%. The Company designated this interest rate swap agreement as a hedging instrument to the 2030 Notes.

In October 2025, in connection with the issuance of the 2031 Notes, the Company entered into an interest rate swap agreement with JP Morgan to mitigate the exposure to adverse fluctuations in interest rates for a total notional amount of \$300.0 million, maturing on February 15, 2031. The interest rate swap agreement was executed on September 30, 2025 and became effective on October 7, 2025. Under the interest rate swap agreement, the Company receives a fixed interest rate of 5.75% and pays a floating interest rate based on the compounded average daily SOFR plus 2.312%. The Company designated this interest rate swap agreement as a hedging instrument to the 2031 Notes.

JP Morgan Chase Bank N.A.	2/15/2031	\$ 300,000	\$ (1,436)	Derivative liabilities, at fair value

As a result of the Company's designation of an interest rate swap as a hedging instrument in a qualifying hedge accounting relationship, the Company is required to record the hedging instrument and the related hedged item at their respective fair values, with all associated changes in those fair values recorded in interest expense and credit facility fees. For the three months ended March 31, 2026 and 2025, the net increase (decrease) recorded in interest expense and credit facility fees was \$342, and \$(154), respectively.

The Company's interest rate swaps and forward currency contracts are subject to master netting agreements. These agreements include provisions to offset positions with the same counterparty in the event of default by one of the parties. The Company's unrealized appreciation and depreciation on derivative instruments are reported net in the accompanying Consolidated Statements of Assets and Liabilities.

The following tables present the Company's assets and liabilities related to derivatives by counterparty, net of amounts available for offset under a master netting arrangement and net of any collateral received or pledged by the Company for such assets and liabilities as of March 31, 2026 and December 31, 2025:

Credit Facility

On March 21, 2014, the Company entered into a senior secured revolving credit facility (as amended, the "Credit Facility"), which was most recently amended and restated on March 12, 2025, and may be further amended from time to time. The total commitments under the Credit Facility are \$960,000 (\$935,000 prior to the July 10, 2025 increase), subject to availability under the Credit Facility, which is based on certain advance rates multiplied by the value of the Company's portfolio investments (subject to certain concentration limitations) net of certain other indebtedness that the Company may incur in accordance with the terms of the Credit Facility. Proceeds of the Credit Facility may be used for general corporate purposes, including the funding of portfolio investments. Maximum capacity under the Credit Facility may be increased to \$1,402,500 (\$1,185,000 prior to the March 12, 2025 amendment), through the exercise by the Company of an uncommitted accordion feature through which existing and new lenders may, at their option, agree to provide additional financing. The Credit Facility includes a \$75,000 (\$50,000 prior to the March 12, 2025 amendment) limit for swingline loans and a \$30,000 (\$20,000 prior to the March 12, 2025 amendment) limit for letters of credit. The Company may borrow amounts in U.S. dollars or certain other permitted currencies. Amounts drawn under the Credit Facility, including amounts drawn in respect of letters of credit, bear interest at either (i) a term benchmark rate of the Adjusted Term SOFR Rate, the Adjusted Euribor Rate, or the applicable Local Rate, as the case may be, or (ii) an Alternate Base Rate (which is the highest of (a) the Prime Rate, (b) the NYFRB Rate plus 0.50%, or (c) the Adjusted Term SOFR Rate for one month plus 1.00%) plus an applicable margin, each capitalized term as defined in the Credit Facility. The applicable margin for a term benchmark rate loan will be up to 1.875% and for an Alternate Base Rate loan will be up to 0.875%, in each case depending on the level of the gross borrowing base compared to the combined debt amount. The Company may elect either the term benchmark rate or the Alternative Base Rate at the time of drawdown, and loans may be converted from one rate to another at any time, subject to certain conditions. The Company also pays a fee of 0.375% on unused amounts under the Credit Facility and, in respect of each unused letter of credit, a fee and interest rate equal to the then-applicable margin under the Credit Facility while the letter of credit is outstanding.

The availability period under the Credit Facility will terminate on March 12, 2029 (August 31, 2027 prior to the March 12, 2025 amendment). The maturity date for \$825,000 of the \$960,000 of commitments is March 12, 2030. On May 25, 2026, the availability period of the remaining \$135,000 of commitments will terminate. For a one year period commencing at the end of each respective availability period, the Company will be obligated to make mandatory prepayments under the Credit Facility out of the proceeds of certain asset sales, other recovery events and equity and debt issuances.

Subject to certain exceptions, the Credit Facility is secured by a first lien security interest in substantially all of the portfolio investments held by the Company and Credit Fund II. The Credit Facility includes customary covenants, including certain financial covenants related to asset coverage, stockholders' equity and liquidity, certain limitations on the incurrence of additional indebtedness and liens, and other maintenance covenants, as well as usual and customary events of default for senior secured revolving credit facilities of this nature. As of March 31, 2026 and December 31, 2025, the Company was in compliance with all covenants and other requirements of the Credit Facility.

Table of Contents

Below is a summary of the borrowings and repayments under the Credit Facility for the three months ended March 31, 2026 and 2025, and the outstanding balances under the Credit Facility for the respective periods.

CSL III SPV Credit Facility

Effective March 27, 2025, as a result of the completion of the CSL III Merger, the Company succeeded to the obligations of CSL III under a senior secured revolving credit facility (as amended, the “CSL III SPV Credit Facility” and together with the Credit Facility, the “Credit Facilities”) previously entered into by CSL III SPV on September 30, 2022. The CSL III SPV Credit Facility was most recently amended on March 27, 2025. The CSL III SPV Credit Facility provided for secured borrowings of up to \$250,000, subject to availability under the CSL III SPV Credit Facility and borrowing restrictions under the Investment Company Act. The CSL III SPV Credit Facility had a revolving period through September 30, 2025 and a

stated maturity date of September 30, 2030, with a one-year extension option available at the election of CSL III SPV. Borrowings may have been made in U.S. Dollars and bore interest initially at a rate equal to three-month SOFR (or, if applicable, a base rate comprised of the prime rate or the federal funds rate plus 0.50%) plus 2.85%. The SPV also paid an unused commitment fee of 0.30% per annum on unused amounts under the CSL III SPV Credit Facility. Payments of interest and fees were made quarterly.

The CSL III SPV Credit Facility was secured by a first lien security interest on substantially all of the assets of CSL III SPV. The CSL III SPV Credit Facility included customary covenants, limitations on the incurrence of additional indebtedness and liens, and other maintenance requirements, as well as standard events of default for senior secured revolving credit facilities of this nature.

On October 2, 2025, all outstanding borrowings of the CSL III SPV Credit Facility were repaid in full. Upon such repayment, the CSL III SPV Credit Facility was terminated and all commitments and obligations of the lenders were cancelled.

Below is a summary of the borrowings and repayments under the CSL III SPV Credit Facility for the period from March 27, 2025 through March 31, 2025, and the outstanding balance under the CSL III SPV Credit Facility for the period.

Senior Notes

On December 30, 2019, the Company closed a private offering of \$115.0 million in aggregate principal amount of 4.75% senior unsecured notes due December 31, 2024 (the “2019 Notes”). Interest was payable quarterly, beginning March 31, 2020. On December 11, 2020, the Company issued an additional \$75.0 million aggregate principal amount of 4.50% senior unsecured notes due December 31, 2024 (the “2020 Notes” and together with the 2019 Notes, the “2024 Notes”). Interest was payable quarterly, beginning December 31, 2020. The 2024 Notes were repaid in full at maturity on December 31, 2024.

On November 20, 2023, the Company completed a public offering of \$85.0 million aggregate principal of its 8.20% senior unsecured notes due December 1, 2028 (the “2028 Notes”), pursuant to an indenture dated November 20, 2023 (the “CGBD Base Indenture”), as supplemented by a first supplemental indenture thereto, dated November 20, 2023 (together, the “2028 Notes Indenture”). The 2028 Notes previously traded on Nasdaq under the symbol CGBDL. On December 1, 2025, the Company redeemed the 2028 Notes at a redemption price equal to 100% of the principal amount redeemed, plus accrued and unpaid interest otherwise payable for the then-current quarterly interest period accrued to, but excluding, December 1, 2025 (the “Redemption Date”). In connection with the redemption, the 2028 Notes were delisted from Nasdaq.

On October 18, 2024, the Company completed a public offering of \$300.0 million aggregate principal of its 6.75% senior unsecured notes due February 18, 2030 (the “2030 Notes”), pursuant to the CGBD Base Indenture, as supplemented by a second supplemental indenture thereto, dated October 18, 2024 (together, the “2030 Notes Indenture”). The 2030 Notes may be

redeemed in whole or in part at the Company's option at any time or from time to time at a redemption price equal to the greater of (1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes matured on January 18, 2030) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 45 basis points less (b) interest accrued to the date of redemption, or (2) 100% of the principal amount of the 2030 Notes to be redeemed, plus, in either case, accrued and unpaid interest thereon to, but excluding, the redemption date. At any time on or after January 18, 2030, the Company may redeem the 2030 Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 2030 Notes to be redeemed, plus accrued and unpaid interest thereon to, but excluding the redemption date.

On October 7, 2025, the Company completed a public offering of \$300.0 million aggregate principal of its 5.75% senior unsecured notes due February 15, 2031 (the "2031 Notes" and together with the 2024 Notes, 2028 Notes, and 2030 Notes, the "Senior Notes"), pursuant to the CGBD Base Indenture, as supplemented by a third supplemental indenture thereto, dated October 7, 2025 (together, the "2031 Notes Indenture"). The 2031 Notes may be redeemed, in whole or in part, at the Company's option at any time or from time to time, at a redemption price equal to the greater of (1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes matured on January 15, 2031) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 35 basis points, less (b) interest accrued to the date of redemption, or (2) 100% of the principal amount of the 2031 Notes to be redeemed, plus, in either case, accrued and unpaid interest thereon to, but excluding, the redemption date. At any time on or after January 15, 2031, the Company may redeem the 2031 Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 2031 Notes to be redeemed, plus accrued and unpaid interest thereon to, but excluding, the redemption date.

The 2030 Notes and 2031 Notes are general unsecured obligations of the Company that rank pari passu with all outstanding and future unsecured unsubordinated indebtedness issued by the Company.

The following table details the Company's Senior Notes as of March 31, 2026 and December 31, 2025:

	As of	
	March 31, 2026	December 31, 2025

(2) Excludes amortization of deferred financing costs and debt issuance costs.

Table of Contents

As of March 31, 2026 and December 31, 2025, \$4,537 and \$12,847, respectively, of interest expense related to the Senior Notes was included in interest and credit facility fees payable. As of March 31, 2026 and December 31, 2025, the weighted average interest rates were 6.44% and 6.84%, respectively, inclusive of the effect of the interest rate swaps.

The 2030 Notes Indenture and 2031 Notes Indenture each contain certain covenants, including certain covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(2) of the 1940 Act, whether or not the Company continues to be subject to such provisions of the 1940 Act, but giving effect, in either case, to any exemptive relief granted to the Company by the SEC; to comply with Section 18(a)(1)(B) as modified by Section 61(a)(2) of the 1940 Act, and subject to certain other exceptions. These covenants are subject to important limitations and exceptions that are described in the 2030 Notes Indenture and 2031 Notes Indenture. None of the 2030 Notes Indenture or the 2031 Notes Indenture limits the amount of debt (including secured debt) that may be issued by us or our subsidiaries under the indenture or otherwise. As of March 31, 2026 and December 31, 2025, the Company was in compliance with these terms and conditions.

Securizations

On June 26, 2015, the Company completed the 2015-1 Debt Securitization. The 2015-1 Notes were issued by the 2015-1 Issuer, a wholly owned and consolidated subsidiary of the Company. The 2015-1 Debt Securitization was executed through a private placement of the 2015-1 Notes, consisting of \$273,000 in notes that were issued at par and were scheduled to mature on July 15, 2027. The Company received 100% of the \$125,900 in nominal value of the non-interest bearing preferred interests issued by the 2015-1 Issuer (the “2015-1 Issuer Preferred Interests”) on the closing date of the 2015-1 Debt Securitization in exchange for the Company’s contribution to the 2015-1 Issuer of the initial closing date loan portfolio. In connection with the contribution, the Company made customary representations, warranties and covenants to the 2015-1 Issuer in the purchase agreement.

On August 30, 2018, the Company and the 2015-1 Issuer closed the 2015-1 Debt Securitization Refinancing. On the closing date of the 2015-1 Debt Securitization Refinancing, the 2015-1 Issuer, refinanced the 2015-1 Notes with the 2015-1R Notes, reduced the 2015-1 Issuer Preferred Interests by approximately \$21,375 to approximately \$104,525 and extended the reinvestment period end date and maturity date applicable to the 2015-1 Issuer to October 15, 2023 and October 15, 2031, respectively.

Following the 2015-1 Debt Securitization Refinancing, the Company retained the 2015-1 Issuer Preferred Interests. The 2015-1R Notes in the 2015-1 Debt Securitization Refinancing were issued by the 2015-1 Issuer and were secured by a diversified portfolio of the 2015-1 Issuer consisting primarily of first and second lien senior secured loans.

On June 30, 2023, the 2015-1R Notes were amended to transition the benchmark rate to the Term SOFR Rate plus a Term SOFR adjustment (LIBOR prior to the 2015-1R Effective Date, as defined). The amendment was effective at the commencement of the next succeeding interest accrual period following the date of the amendment (the “2015-1R Effective Date”).

On July 2, 2024, the Company and the 2015-1 Issuer completed the 2015-1R Refinancing, which resulted in the issuance of a \$410,000 collateralized notes and loan obligation. On the closing date of the 2015-1R Refinancing, the 2015-1 Issuer refinanced the 2015-1R Notes with the 2015-1N Debt, issued additional 2015-1 Issuer Preferred Interests to the Company in the aggregate notional amount of \$13,500, thereby increasing the 2015-1 Issuer Preferred Interest held by the Company to \$118,054 and extended the reinvestment period end date and maturity date applicable to the 2015-1 Issuer to July 15, 2028 and July 1, 2036, respectively. As of March 31, 2026, the Company retained the \$30,000 Class C-R Notes, which are eliminated in consolidation.

(1) Excludes \$30 million of Class C-R notes, which are rated BBB-, accrue interest at SOFR plus spread of 3.75%, and are retained by the Company.

The Company contributed the loans that comprised the initial closing date loan portfolio (including the loans distributed to the Company from the SPV) to the 2015-1 Issuer pursuant to a contribution agreement. Future loan transfers from the Company to the 2015-1 Issuer will be made pursuant to a sale agreement and are subject to the approval of the Company's Board of Directors. Assets of the 2015-1 Issuer are not available to the creditors of the SPV or the Company. In connection with the issuance and sale of the 2015-1R Notes and 2015-1N Debt, the Company made customary representations, warranties and covenants in the purchase agreement.

During the reinvestment period, pursuant to the indenture governing the 2015-1R Notes and 2015-1N Debt, all principal collections received on the underlying collateral may be used by the 2015-1 Issuer to purchase new collateral under the direction of Investment Adviser in its capacity as collateral manager under a collateral management agreement (the "Collateral Management Agreement") of the 2015-1 Issuer and in accordance with the Company's investment strategy.

Pursuant to the Collateral Management Agreement, the 2015-1 Issuer pays management fees (comprised of base management fees, subordinated management fees and incentive management fees) to the Investment Adviser for rendering collateral management services. As per the Collateral Management Agreement, for the period the Company retains all of the 2015-1 Issuer Preferred Interests, the Investment Adviser does not earn management fees for providing such collateral management services. The Company currently retains all of the 2015-1 Issuer Preferred Interests, thus the Investment Adviser did not earn any management fees from the 2015-1 Issuer for the three months ended March 31, 2026 and 2025. Any such waived fees may not be recaptured by the Investment Adviser.

Pursuant to an undertaking by the Company in connection with the 2015-1 Debt Securitization Refinancing, the Company has agreed to hold on an ongoing basis the 2015-1 Issuer Preferred Interests with an aggregate dollar purchase price at least equal to 5% of the aggregate outstanding amount of all collateral obligations by the 2015-1 Issuer for so long as any securities of the 2015-1 Issuer remain outstanding. As of March 31, 2026, the Company was in compliance with its undertaking.

As of March 31, 2026, the 2015-1N Debt was secured by 66 investments with a total fair value of approximately \$471,155, including \$1,396 of net purchases that were unsettled as of March 31, 2026, and cash of \$23,190. The pool of investments in the securitization must meet certain requirements, including asset mix and concentration, term, agency rating, collateral coverage, minimum coupon, minimum spread and sector diversity requirements in the indenture governing the 2015-1N Debt.

Weighted average debt principal outstanding	\$ 380,000	\$ 380,000
Weighted average interest rate ⁽¹⁾	5.65 %	6.34 %

(1) Includes amortization of deferred financing costs and debt issuance costs.

As of March 31, 2026 and December 31, 2025, \$4,501 and \$4,810, respectively, of interest expense related to securitizations was included in interest and credit facility fees payable. As of March 31, 2026 and December 31, 2025, the weighted average interest rates were 5.61% and 5.84%, respectively, based on benchmark rates.

10. COMMITMENTS AND CONTINGENCIES

The following table summarizes the Company's significant contractual payment obligations as of March 31, 2026 and December 31, 2025:

Payment Due by Period	As of	
	March 31, 2026	December 31, 2025
Less than one year	\$ —	\$ —
1-3 years	54,592	75,327
3-5 years	960,727	788,333
More than 5 years	380,000	680,000
Total	\$ 1,395,319	\$ 1,543,660

In the ordinary course of its business, the Company enters into contracts or agreements that contain indemnification or warranties. Future events could occur that lead to the execution of these provisions against the Company. The Company believes that the likelihood of such an event is remote; however, the maximum potential exposure is unknown. No accrual has been made in the unaudited consolidated financial statements as of March 31, 2026 and audited consolidated financial statements as of December 31, 2025 for any such exposure.

The Company has in the past, currently is and may in the future become obligated to fund commitments such as revolving credit facilities, bridge financing commitments, or delayed draw commitments. The Company had the following unfunded commitments to fund delayed draw and revolving senior secured loans as of the indicated dates:

	Par/Principal Amount as of	
	March 31, 2026	December 31, 2025
Unfunded delayed draw commitments	\$ 229,347	\$ 256,926
Unfunded revolving loan commitments	165,829	174,680
Total unfunded commitments	\$ 395,176	\$ 431,606

11. NET ASSETS

The Company has the authority to issue 198,000,000 shares of common stock, par value \$0.01 per share, of which 70,270,936 and 71,807,190 shares were issued and outstanding as of March 31, 2026 and December 31, 2025, respectively.

Cumulative Convertible Preferred Stock

On May 5, 2020, the Company issued and sold 2,000,000 shares of Preferred Stock to an affiliate of Carlyle in a private placement at a price of \$25 per share. The Preferred Stock had a liquidation preference equal to \$25 per share (the “Liquidation Preference”) plus any accumulated but unpaid dividends up to but excluding the date of distribution. Dividends were payable on a quarterly basis in an initial amount equal to 7.00% per annum of the Liquidation Preference per share, payable in cash, or at the Company’s option, 9.00% per annum of the Liquidation Preference payable in additional shares of Preferred Stock.

In connection with the completion of the CSL III Merger on March 27, 2025, and in a transaction exempt from registration under the Securities Act, CIM exchanged all 2,000,000 shares of the Company’s Preferred Stock for 3,004,808 shares of the Company’s common stock based on the aggregate \$50,000 Liquidation Preference of the Preferred Stock and the Company’s net asset value per share as of March 25, 2025, equal to \$16.64. Following the completion of the Preferred Stock Exchange and the issuance of the related common shares, the Preferred Stock was cancelled, ceased to be outstanding, and no longer exists. Thereafter, CIM, the former holder of Preferred Stock, holds only the Company’s common stock.

In connection with the completion of the CSL III Merger on March 27, 2025, CIM, as the holder of record of the Preferred Stock, entered into a Lock-Up Agreement with the Company (the “Lock-Up Agreement”) and an amended and restated registration rights agreement (the “Registration Rights Agreement”). The Lock-Up Agreement restricts CIM from transferring, assigning, pledging, or otherwise disposing of or encumbering any of the Company’s common stock received in the Preferred Stock Exchange during the applicable lock-up periods, unless such transfer is approved by the Company’s Board of Directors and is in compliance with applicable securities and other laws.

Under the terms of the Lock-Up Agreement, the restricted period commenced on March 27, 2025 and (i) ended on March 22, 2026 for one-third of the shares of the Company’s common stock issued to CIM as a result of the Preferred Stock Exchange, (ii) will end on September 18, 2026 for one-third of the shares of the Company’s common stock issued to CIM as a result of the Preferred Stock Exchange and (iii) will end on March 17, 2027 for one-third of the shares of Company’s common stock issued to CIM as a result of the Preferred Stock Exchange.

The following table summarizes the Company’s dividends declared on the Preferred Stock during the three most recent fiscal years, prior to the Preferred Stock Exchange. Unless otherwise noted, dividends were declared and paid, or are payable, in cash.

Share Issuances

CSL III Merger

On March 27, 2025, the Company completed its previously announced merger with CSL III. Pursuant to the terms of the CSL III Merger, the Company issued an aggregate of 18,935,108 shares of its common stock to former CSL III shareholders. Refer to Note 16, Merger with CSL III, to these unaudited consolidated financial statements for additional information regarding the CSL III Merger.

In connection with the completion of the CSL III Merger, and in a transaction exempt from registration under the Securities Act, CIM exchanged all 2,000,000 shares of the Company’s Preferred Stock for 3,004,808 shares of the Company’s common stock.

Dividend Reinvestment

Prior to July 5, 2017, the Company had an “opt in” dividend reinvestment plan. Effective on July 5, 2017, the Company converted the “opt in” dividend reinvestment plan to an “opt out” dividend reinvestment plan that provides for reinvestment of dividends and other distributions on behalf of the common stockholders, other than those common stockholders who have “opted out” of the plan. The Company intends to use primarily newly issued shares to implement the plan so long as the market value per share is equal to or greater than the net asset value per share on the relevant valuation date. If the market value per share is less than the net asset value per share on the relevant valuation date, the plan administrator would implement the plan through the purchase of common stock on behalf of participants in the open market, unless the Company instructs the plan administrator otherwise.

No shares were issued under the dividend reinvestment plan during the three months ended March 31, 2026.

The following table summarizes the shares of the Company’s common stock issued under the dividend reinvestment plan during the three months ended March 31, 2025:

	Shares Issued	Total Consideration
Three Months Ended March 31, 2025		
January 17, 2025	50,728	\$ 949
Total	50,728	\$ 949

At-The-Market (“ATM”) Program

On March 28, 2025, the Company entered into an equity distribution agreement with Oppenheimer & Co. Inc., B. Riley Securities, Inc., Citizens JMP Securities, LLC, Keefe, Bruyette & Woods, Inc., and Raymond James & Associates, Inc. (collectively, the “Placement Agents”). The agreement provides for the offer and sale of up to \$150,000 in aggregate offering amount of the Company’s common stock from time to time through an ATM offering, as defined in Rule 415 under the Securities Act of 1933. The minimum price per share on any day at which common stock may be sold under the ATM program will not be below the then-current net asset value per share.

No shares were issued under the ATM program during the three months ended March 31, 2026.

The following table summarizes the shares of the Company’s common stock issued under the ATM offering during the three months ended March 31, 2025:

	Shares Issued	Gross Proceeds	Net Proceeds⁽¹⁾
Three Months Ended March 31, 2025			
March 28, 2025	6,075	\$ 102	\$ 101
Total	6,075	\$ 102	\$ 101

(1) Represents the proceeds received after deducting the Placement Agents’ commissions and offering related expenses.

Company Stock Repurchase Program

On October 29, 2025, the Company's Board of Directors approved the continuation of the Company's stock repurchase program (the “Stock Repurchase Program”) until November 5, 2026, or until the approved dollar amount has been used to repurchase shares of common stock. On February 18, 2026, the Company’s Board of Directors approved a \$100 million increase in the authorized amount available for repurchases under the Stock Repurchase Program to up to \$300 million. This program may be suspended, extended, modified or discontinued by the Company at any time, subject to applicable law. Pursuant to this authorization, the Company has adopted a 10b5-1 plan (the “Company 10b5-1 Plan”). The Company 10b5-1 Plan provides that purchases will be conducted on the open market in accordance with Rule 10b5-1 and 10b-18 under the Exchange Act and will otherwise be subject to applicable law, which may prohibit purchases under certain circumstances. The amount of purchases made under the Company 10b5-1 Plan or otherwise and how much will be purchased at any time is uncertain, dependent on prevailing market prices and trading volumes, all of which the Company cannot predict.

The Company's Stock Repurchase Program was originally approved by the Company's Board of Directors on November 5, 2018 and announced on November 6, 2018. Since the inception of the Company’s Stock Repurchase Program through March 31, 2026, the Company has repurchased 14,405,763 shares of the Company's common stock at an average cost of \$13.20 per share, or \$190,112 in the aggregate, resulting in accretion to NAV per common share of \$0.82.

For the three months ended March 31, 2026 the Company repurchased and extinguished 1,536,254 shares for \$18,501. For the three months ended March 31, 2025, there were no share repurchases.

Earnings Per Share

The Company calculates earnings per share in accordance with ASC 260. Basic earnings per share is calculated by dividing the net increase (decrease) in net assets resulting from operations, less preferred dividends, by the weighted average number of common shares outstanding for the period. Diluted earnings per share gives effect to all dilutive potential common

shares outstanding using the if-converted method for the convertible Preferred Stock. Diluted earnings per share excludes all dilutive potential common shares if their effect is anti-dilutive.

Basic and diluted earnings per common share were as follows:

	Three Months Ended March 31,			
	2026		2025	
	Basic	Diluted	Basic	Diluted
Net increase (decrease) in net assets resulting from operations attributable to Common Stockholders	\$ (4,218)	\$ (4,218)	\$ 13,228	\$ 14,054

Portfolio turnover	9.94%	16.45%
Weighted-average common shares outstanding	70,907,909	51,923,228

- (1) Net investment income (loss) per common share was calculated as net investment income (loss) less the preferred dividend for the period divided by the weighted average number of common shares outstanding for the period.
- (2) Dividends declared per common share was calculated as the sum of dividends on common stock declared during the period divided by the number of common shares outstanding at each respective quarter-end date (refer to Note 11, Net Assets, to these unaudited consolidated financial statements).
- (3) Represents accretion from shares issued upon completion of the CSL III Merger, dividend reinvestment plan and the ATM program, net of underwriting and issuance costs incurred in the ATM program.
- (4) Total return based on net asset value (not annualized) is based on the change in net asset value per common share during the period plus the declared dividends on common stock, assuming reinvestment of dividends in accordance with the dividend reinvestment plan, divided by the beginning net asset value for the period.
- (5) Total return based on market value (not annualized) is calculated as the change in market value per common share during the period plus the declared dividends on common stock, assuming reinvestment of dividends in accordance with the dividend reinvestment plan, divided by the beginning market price for the period.
- (6) These ratios to average net assets attributable to Common Stockholders have not been annualized.

13. SEGMENT REPORTING

The Company operates through a single operating and reporting segment with an investment objective to generate current income and, to a lesser extent, capital appreciation primarily through assembling a portfolio of secured debt investments in U.S. middle market companies. The chief operating decision maker (“CODM”) is the Company’s chief financial officer. The CODM assesses the performance of the Company and makes operating decisions on a consolidated basis, primarily based on the Company’s net increase in net assets resulting from operations (“net income”). The CODM utilizes net income as a key metric in determining the amount of dividends to be distributed to the Company’s stockholders, implementing investment policy decisions, strategic initiatives, and managing and assessing the Company’s portfolio. The CODM assesses performance for the segment and determines how to allocate resources based on net income. As the Company’s operations comprise of a single reporting segment, the segment assets are reflected on the

accompanying Consolidated Statements of Assets and Liabilities as Total Assets and the significant segment expenses are listed on the accompanying Consolidated Statements of Operations.

14. LITIGATION

The Company may become party to certain lawsuits in the ordinary course of business. The Company does not believe that the outcome of current matters, if any, will materially impact the Company or its unaudited consolidated financial statements. As of March 31, 2026 and December 31, 2025, the Company was not subject to any material legal proceedings, nor, to the Company's knowledge, is any material legal proceeding threatened against the Company.

In addition, portfolio investments of the Company could be the subject of litigation or regulatory investigations in the ordinary course of business. The Company does not believe that the outcome of any current contingent liabilities of its portfolio investments, if any, will materially affect the Company or these unaudited consolidated financial statements.

15. TAX

The Company has not recorded a liability for any uncertain tax positions pursuant to the provisions of ASC 740, *Income Taxes*, as of March 31, 2026 and December 31, 2025.

In the normal course of business, the Company is subject to examination by federal and certain state, local and foreign tax regulators. The Company's federal tax returns are generally subject to examination by the Internal Revenue Service for a period of three years after they are filed.

The Company's taxable income for each period is an estimate and will not be finally determined until the Company files its tax return for each year. Therefore, the final taxable income, and the taxable income earned in each period and carried forward for distribution in the following period, may be different than this estimate. The estimated tax character of the dividends declared on preferred and common stock for the three months ended March 31, 2026 and 2025 was as follows:

	Three Months Ended March 31,	
	2026	2025
Ordinary income	\$ 28,108	\$ 23,757
Tax return of capital	\$ —	\$ —

16. MERGER WITH CSL III

On March 27, 2025, the Company completed its previously announced merger with CSL III. In accordance with the terms of the Merger Agreement, at the effective time of the CSL III Merger, each outstanding common share of beneficial interest, \$0.001 par value per share, of CSL III was converted into the right to receive 1.2137 shares of the Company's common stock and, if applicable, cash (without interest) in lieu of fractional shares of the Company's common stock. As a result of the CSL III Merger, the Company issued an aggregate of 18,935,108 shares of its common stock to former CSL III shareholders.

The CSL III Merger was accounted for in accordance with the asset acquisition method of accounting as detailed in ASC Topic 805. The fair value of the merger consideration paid and transaction costs incurred to complete the CSL III Merger were allocated to the assets acquired and liabilities assumed, based on their relative fair values as of the acquisition date, and did not give rise to goodwill. The excess of merger consideration paid over the fair value of net assets acquired is considered the purchase premium. Immediately following the acquisition of CSL III, the Company recorded the acquired assets at their respective fair values. As a result, the purchase premium allocated to the cost basis of the CSL III assets acquired was immediately recognized as unrealized depreciation on the Company's Consolidated Statement of Operations. The purchase premium allocated to investments in loan securities will amortize over the life of the loans through interest income, with a corresponding reversal of the unrealized depreciation upon ultimate disposition of those loans. The purchase premium allocated to investments in equity securities and forward currency contracts will not amortize through interest income and, assuming no subsequent change to the fair value of such equity securities and disposition at fair value, the Company will recognize a realized loss or a reduction in realized gains with a corresponding reversal of the unrealized depreciation upon disposition of the CSL III equity securities and forward currency contracts acquired.

The CSL III Merger was considered a tax-free reorganization, and the Company has elected to carry forward the historical cost basis of the CSL III investments for tax purposes.

The following table summarizes the allocation of the purchase price to the assets acquired and liabilities assumed as a result of the CSL III Merger:

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations (dollar amounts in thousands, except share and per share data, unless otherwise indicated)

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

We have included or incorporated by reference in this Form 10-Q, and from time to time our management may make, “forward-looking statements”. These forward-looking statements are not historical facts, but instead relate to future events or the future performance or financial condition of Carlyle Secured Lending, Inc. (together with its consolidated subsidiaries, “we,” “us,” “our,” “CGBD” or the “Company”). These statements are based on current expectations, estimates and projections about us, our current or prospective portfolio investments, our industry, our beliefs, and our assumptions. The forward-looking statements contained in this Form 10-Q and the documents incorporated by reference herein involve a number of risks and uncertainties, including statements concerning:

- our, or our portfolio companies’, future business, operations, operating results or prospects, including our and their ability to achieve our respective objectives;
- the return or impact of current and future investments;
- the general economy and its impact on the industries in which we invest;
- the impact of any protracted decline in the liquidity of credit markets on our business;
- the impact of fluctuations in interest rates on our business;
- the valuation of our investments in portfolio companies, particularly those having no liquid trading market;
- the impact of supply chain constraints on our portfolio companies and the global economy, including, in particular, as a result of the military conflict in Iran;
- the level of inflation, and its impact on our portfolio companies and on the industries in which we invest;
- the impact on our business of changes in laws, policies or regulations (including the interpretation thereof) affecting our operations or the operations of our portfolio companies, including those caused by tariffs and trade disputes with other countries;
- our ability to recover unrealized losses;
- market conditions and our ability to access alternative debt markets and additional debt and equity capital;
- our contractual arrangements and relationships with third parties;
- uncertainty surrounding the financial stability of the United States, Europe and China, including a possible shutdown of the U.S. federal government;
- uncertainty surrounding Russia’s military invasion of Ukraine and the impact of geopolitical tensions in other regions such as the Middle East, the status of tariffs and developing tensions between China and the United States;
- competition with other entities and our affiliates for investment opportunities;
- the speculative and illiquid nature of our investments;
- the use of borrowed money to finance a portion of our investments;
- our expected financings and investments;
- the adequacy of our cash resources and working capital;
- the timing, form and amount of any dividend distributions;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the ability to consummate acquisitions;
- the impact of information technology system failures, data security breaches, data privacy compliance, network disruptions, and cybersecurity attacks;
- the ability of Carlyle Global Credit Investment Management L.L.C., the investment adviser (the “Investment Adviser”), to locate suitable investments for us and to monitor and administer our investments;
- currency fluctuations and the adverse effect such fluctuations could have on the results of our investments in foreign companies, particularly to the extent that we receive payments denominated in foreign currency rather than U.S. dollars;

- the ability of The Carlyle Group Employee Co., L.L.C. to attract and retain highly talented professionals that can provide services to the investment adviser and administrator;
- our ability to maintain our status as a business development company (“BDC”); and
- our intent to satisfy the requirements of a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (together with the rules and regulations promulgated thereunder, the “Code”);
- the expected synergies and savings associated with the CSL III Merger (as defined below);
- the ability to realize the benefits of the CSL III Merger;
- the combined company’s plans, expectations, objectives and intentions, as a result of the CSL III Merger.

We use words such as “anticipates,” “believes,” “expects,” “intends,” “will,” “should,” “may,” “plans,” “continue,” “believes,” “seeks,” “estimates,” “would,” “could,” “targets,” “projects,” “outlook,” “potential,” “predicts” and variations of these words and similar expressions to identify forward-looking statements, although not all forward-looking statements include these words. Our actual results and condition could differ materially from those implied or expressed in the forward-looking information for any reason, including the factors set forth in “Risk Factors” in Part I, Item 1A of our annual report on Form 10-K for the year ended December 31, 2025 (or “2025 Form 10-K”).

We have based the forward-looking statements included in this Form 10-Q on information available to us on the date of this Form 10-Q, and we assume no obligation to update any such forward-looking statements. Although we undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we may make directly to you or through reports that we have filed or in the future may file with the Securities and Exchange Commission (the “SEC”), including our annual reports on Form 10-K, registration statements on Form N-2, quarterly reports on Form 10-Q and current reports on Form 8-K.

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with Part I, Item 1 of this Form 10-Q “Financial Statements.” This discussion contains forward-looking statements and involves numerous risks and uncertainties, including, but not limited to, those described in “Risk Factors” in Part I, Item 1A of our 2025 Form 10-K. Our actual results could differ materially from those anticipated by such forward-looking statements due to factors discussed under “Risk Factors” and “Cautionary Statement Regarding Forward-Looking Statements” appearing elsewhere in this Form 10-Q.

Overview

Carlyle Secured Lending, Inc., a Maryland corporation, is a specialty finance company that is a closed-end, externally managed, non-diversified management investment company. We have elected to be regulated as a business development company (“BDC”) under the Investment Company Act and have operated our business as a BDC since we began our investment activities. For U.S. federal income tax purposes, we have elected to be treated as a registered investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (together with the rules and regulations promulgated thereunder, the “Code”). We were formed in February 2012, commenced investment operations in May 2013 and began trading on the Nasdaq Global Select Market, under the symbol “CGBD,” upon completion of our initial public offering in June 2017. Our principal executive offices are located at One Vanderbilt Avenue, Suite 3400, New York, New York 10017.

Our investment objective is to generate current income and, to a lesser extent, capital appreciation primarily through assembling a portfolio of secured debt investments in U.S. middle market companies. Our core investment strategy focuses on lending to U.S. middle market companies, which we define as companies with approximately \$25.0 million or greater of earnings before interest, taxes, depreciation and amortization (“EBITDA”), supported by financial sponsors. This core strategy is opportunistically supplemented with differentiated and complementary lending and investing strategies, which take advantage of the broad capabilities of Carlyle’s Global Credit platform while offering risk-diversifying portfolio benefits. We seek to achieve our investment objective primarily through direct origination of secured debt instruments, including first lien senior secured loans (which may include stand-alone first lien loans, first lien/last out loans and “unitranche” loans) and second lien senior secured loans (collectively, “Middle Market Senior Loans”), with a minority of our assets invested in higher yielding investments (which may include unsecured debt, subordinated debt and investments in equities and structured products). The Middle Market Senior Loans are generally made to private U.S. middle market companies that are, in many cases, controlled by private equity firms.

We invest primarily in loans to middle market companies whose debt is rated below investment grade, or would likely be rated below investment grade if it was rated. These securities, which are often referred to as “junk,” have predominately speculative characteristics with respect to the issuer’s capacity to pay interest and repay principal.

We are externally managed by the Investment Adviser, an investment adviser registered under the Investment Advisers Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the “Investment Advisers Act”) and a subsidiary of Carlyle. We benefit from the Investment Adviser’s investment team of over 210 investment professionals with deep knowledge and expertise across multiple asset classes who are supported by a team of finance, operations and administrative professionals currently employed by Carlyle Employee Co., a wholly owned subsidiary of Carlyle. In conducting our investment activities, we believe that we benefit from the significant scale, relationships and resources of Carlyle, including the Investment Adviser and its affiliates.

First Quarter 2026 Highlights

Quarterly Results

- Net investment income was \$25.2 million or \$0.36 per common share.
- Adjusted for purchase accounting adjustments, the adjusted net investment income per common share (a non-GAAP financial measure) was \$0.36. Refer to the Adjusted Net Investment Income and Adjusted Net Income discussion within this section for further details.
- For the first quarter, dividends declared on common shares were \$28.1 million, or \$0.40 per share.
- Net investment income for the three months ended March 31, 2026 increased from the comparable period in the prior year primarily driven by a higher average outstanding investment balance due to net origination activity over the last twelve months, including assets acquired in the CSL III Merger and the Credit Fund II Purchase in the first quarter of 2025. This was partially offset by lower yields on investments.
- The NAV per common share decreased to \$15.89 as of March 31, 2026 from \$16.26 as of December 31, 2025.

Portfolio and Investment Activity

- As of March 31, 2026, we held 248 investments across 171 portfolio companies and 31 industries for a total fair value of \$2.3 billion.
- During the three months ended March 31, 2026, our investment balance decreased from \$2.5 billion to \$2.3 billion primarily due to sales to Credit Fund.
- As of March 31, 2026, non-accrual investments represented 1.0% and 0.9% of our portfolio based on cost and fair value, respectively.

Liquidity and Capital Activity

- On February 11, 2026, we, together with Credit Partners, entered into a second amendment to the Sixth Amended and Restated Limited Liability Company Agreement of Credit Fund. As a result of the amendment, each member’s capital commitment increased to \$250.0 million.
- On February 18, 2026, our Board of Directors approved a \$100.0 million increase in the authorized amount available for repurchases under the Stock Repurchase Program to up to \$300.0 million.
- Total liquidity as of March 31, 2026 was \$641.9 million in cash and unused debt capacity.
- During the three months ended March 31, 2026, we repurchased 1,536,254 shares of our common stock for an aggregate purchase price of approximately \$18.5 million, resulting in accretion to NAV per common share of approximately \$0.09.

Recent Developments

- On April 29, 2026, we declared common stock dividends of \$0.35 per share to be paid on July 16, 2026.
- From April 1, 2026 through May 8, 2026, we repurchased 773,808 shares of our common stock for an aggregate purchase price of approximately \$8.8 million resulting in \$0.09 per common share of NAV accretion.

Key Components of Our Results of Operations

As a BDC, we believe that the key components of our results of operations for our business are earnings per share, dividends declared, net investment income and net asset value per common share. For the three months ended March 31, 2026, we recorded basic earnings per common share of \$(0.06), declared a dividend of \$0.40 per common share and earned \$0.36 of net investment income per common share.

The following table sets forth the calculation of basic and diluted earnings per share (dollar amounts in thousands, except share and per share data):

	Three Months Ended			
	March 31, 2026		December 31, 2025	
	Basic	Diluted	Basic	Diluted
Net increase (decrease) in net assets resulting from operations attributable to Common Stockholders	\$ (4,218)	\$ (4,218)	\$ 17,385	\$ 17,385
Weighted-average common shares outstanding	70,907,909	70,907,909	72,617,834	72,617,834
Earnings per share - Basic and Diluted	\$ (0.06)	\$ (0.06)	\$ 0.24	\$ 0.24

For the three months ended March 31, 2026 and December 31, 2025, we declared dividends per common share of \$0.40 in each period. As of March 31, 2026 and December 31, 2025, our NAV per share was \$15.89 and \$16.26, respectively.

Investment Income

We generate investment income primarily in the form of interest income on debt investments we hold. In addition, we generate income from dividends on direct equity investments, capital gains on the sales of loans and debt and equity securities and various loan origination and other fees. Our debt investments generally have a stated term of five to eight years and generally bear interest at a floating rate usually determined on the basis of a benchmark such as SOFR. Interest on these debt investments is generally paid quarterly. In some instances, we receive payments on our debt investments based on scheduled amortization of the outstanding balances. At times, we receive repayments of some of our debt investments prior to their scheduled maturity date. The frequency or volume of these repayments fluctuates significantly from period to period. Our portfolio activity reflects the proceeds of sales of securities. We may also generate investment income in the form of commitment, origination, amendment, structuring or due diligence fees, fees for providing managerial assistance and consulting fees.

Expenses

Our primary operating expenses include: (i) investment advisory fees, including base management fees and incentive fees, to the Investment Adviser pursuant to the Investment Advisory Agreement; (ii) debt service and other costs of borrowings or other financing arrangements; (iii) costs and other expenses and our allocable portion of overhead incurred by our Administrator in performing its administrative obligations under the Administration Agreement; and (iv) other operating expenses summarized below:

- administration fees payable under our Administration Agreement and Sub-Administration Agreements, including related expenses;
- the costs of any offerings of our common stock and other securities, if any;
- calculating individual asset values and our net asset value (including the cost and expenses of any independent valuation firms);
- expenses, including travel expenses, incurred by the Investment Adviser, or members of the Investment Adviser team managing our investments, or payable to third parties, performing due diligence on prospective portfolio companies;
- the allocated costs incurred by the Investment Adviser in providing managerial assistance to those portfolio companies that request it;
- amounts payable to third parties relating to, or associated with, making or holding investments;
- the costs associated with subscriptions to data service, research-related subscriptions and expenses and quotation equipment and services used in making or holding investments;
- transfer agent and custodial fees;

- commissions and other compensation payable to brokers or dealers;
- U.S. federal, state and local taxes;
- independent director fees and expenses;
- costs of preparing financial statements and maintaining books and records, costs of preparing tax returns, costs of Sarbanes-Oxley Act compliance and attestation and costs of filing reports or other documents with the SEC (or other regulatory bodies), and other reporting and compliance costs, including federal and state registration and any applicable listing fees;
- the costs of any reports, proxy statements or other notices to our stockholders and the costs of any stockholders' meetings;
- the costs of specialty and custom software for monitoring risk, compliance and overall portfolio;
- fidelity bond, liability insurance, and any other insurance premiums;
- indemnification payments;
- direct fees and expenses associated with independent audits, agency, consulting and legal costs; and
- all other expenses incurred by us or our Administrator in connection with administering our business, including our allocable share of certain officers and their staff compensation.

Net Investment Income

The following table summarizes our net investment income and net investment income per common share:

	Three Months Ended	
	March 31, 2026	December 31, 2025

Net investment income per common share	\$ 0.36	\$ 0.33

Adjusted Net Investment Income and Adjusted Net Income

On a supplemental basis, we are disclosing Adjusted Net Investment Income, Adjusted Net Investment Income Per Common Share, Adjusted Net Income and Adjusted Net Income Per Common Share each of which is calculated and presented on a basis other than in accordance with GAAP (“non-GAAP”). We use these non-GAAP financial measures internally to analyze and evaluate financial results and performance, and we believe these non-GAAP financial measures are useful to investors as an additional tool to evaluate our ongoing results and trends and to review our performance without giving effect to (i) the amortization/accretion resulting from the new cost basis of the investments acquired and accounted for under the acquisition method of accounting in accordance with ASC 805 and (ii) the one-time purchase or non-recurring investment income and expense events, including the effects on incentive fees. The presentation of these non-GAAP measures is not intended to be a substitute for financial results prepared in accordance with GAAP and should not be considered in isolation.

We believe that excluding the financial impact of the purchase premium in the above non-GAAP financial measures is useful for investors as this is a non-cash expense/loss and is one method we use to measure our operations. In addition, we use the non-GAAP financial measures described above internally to analyze and evaluate financial results and performance and to compare our financial results with those of other business development companies that do not have similar financial impacts from asset acquisitions and have not had similar one-time or non-recurring events. We believe “Adjusted Net Investment Income”, “Adjusted Net Investment Income Per Common Share”, “Adjusted Net Income” and “Adjusted Net Income Per Common Share” are useful to investors as an additional tool to evaluate our ongoing results and trends without giving effect these considerations and these metrics are used to evaluate our economic earnings.

The following table summarizes our Adjusted Net Investment Income, Adjusted Net Investment Income Per Common Share, Adjusted Net Income, and Adjusted Net Income Per Common Share:

- (1) On December 1, 2025, the 2028 Notes were redeemed. In connection with the 2015-1R Refinancing and the redemption of the 2028 Notes, debt issuance costs were accelerated in accordance with GAAP for the three months ended December 31, 2025. Refer to Note 9, Borrowings, in the unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q for more information on the redemption of the 2028 Notes.
- (2) This adjustment represents the difference between GAAP amortization under the asset acquisition method of accounting, in accordance with ASC 805 and management's non-GAAP measure of amortization related to assets acquired in connection with the CSL III Merger on March 27, 2025, and the Credit Fund II Purchase on February 11, 2025. This adjustment reflects management's view of the economic yield on the acquired assets and is consistent with the internal evaluation of performance.

- (1) Weighted average yields include the effect of accretion of discounts and amortization of premiums and are based on interest rates as of March 31, 2026. Weighted average yield at fair value is computed as (a) the annual stated interest rate or yield earned plus the net annual amortization of original issue discount ("OID") and market discount earned, divided by (b) total fair value included in such securities. Weighted average yield at amortized cost is computed as (a) the annual stated interest rate or yield earned plus the net annual amortization of OID and market discount earned, divided by (b) total amortized cost included in such securities. Weighted average yields exclude investments on non-accrual status. Actual yields earned over the life of each investment could differ materially from the yields presented above. Inclusive of all debt and income producing investments and investments on non-accrual status, the weighted average yield on amortized cost was 9.9% as of March 31, 2026.
- (2) Weighted average yield for total debt and income producing investments includes Credit Fund and Structured Credit Partners as well as income producing equity investments.

Portfolio Credit

As part of the monitoring process, the Investment Adviser has developed risk assessment policies pursuant to which it regularly assesses the risk profile of each of our first lien and second lien debt investments and rates each of them based on the following categories, which we refer to as “Internal Risk Ratings”. Key drivers of internal risk ratings include financial metrics, financial covenants, liquidity and enterprise value coverage. Pursuant to these risk policies, an Internal Risk Rating of 1 – 5, which are defined below, is assigned to each first lien and second lien debt investment in our portfolio.

Rating	Definition
1	Borrower is operating above expectations, and the trends and risk factors are generally favorable.
2	Borrower is operating generally as expected or at an acceptable level of performance. The level of risk to our initial cost basis is similar to the risk to our initial cost basis at the time of origination. This is the initial risk rating assigned to all new borrowers.
3	Borrower is operating below expectations and level of risk to our cost basis has increased since the time of origination. The borrower may be out of compliance with debt covenants. Payments are generally current although there may be higher risk of payment default.
4	Borrower is operating materially below expectations and the loan’s risk has increased materially since origination. In addition to the borrower being generally out of compliance with debt covenants, loan payments may be past due, but generally not by more than 120 days. It is anticipated that we may not recoup our initial cost basis and may realize a loss of our initial cost basis upon exit.
5	Borrower is operating substantially below expectations and the loan’s risk has increased substantially since origination. Most or all of the debt covenants are out of compliance and payments are substantially delinquent. It is anticipated that we will not recoup our initial cost basis and may realize a substantial loss of our initial cost basis upon exit.

The Investment Adviser monitors and, when appropriate, changes the risk ratings assigned to each first lien and second lien debt investment in our portfolio. The Investment Adviser reviews our investment ratings in connection with our quarterly valuation process. The below table summarizes the Internal Risk Ratings as of March 31, 2026 and December 31, 2025.

	March 31, 2026		December 31, 2025	
	Fair Value	% of Fair Value	Fair Value	% of Fair Value
Internal Risk Rating 1	\$ —	— %	\$ —	— %

Internal Risk Rating 3	154,174	7.8	114,456	5.3
Internal Risk Rating 4	20,617	1.0	20,240	0.9
Internal Risk Rating 5	—	—	10,301	0.5
Total	\$ 1,977,956	100.0 %	\$ 2,156,977	100.0 %

As of March 31, 2026 and December 31, 2025, the weighted average Internal Risk Rating of our first lien and second lien debt investment portfolio was 2.1. As of March 31, 2026 and December 31, 2025, five and six of our first lien and second lien debt investments were assigned an Internal Risk Rating of 4 or 5, respectively.

The following table summarizes the fair value of our performing and non-accrual/non-performing investments as of March 31, 2026 and December 31, 2025:

	March 31, 2026			December 31, 2025		
	Number of Investments	Fair Value	% of Fair Value	Number of Investments	Fair Value	% of Fair Value

Portfolio Financing

Our primary sources of financing consist of secured debt, unsecured debt, and securitizations, which are presented on the Consolidated Statements of Assets and Liabilities as Debt and secured borrowings. Refer to Note 9, Borrowings, to the unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q for additional information regarding our financing. The following table details those sources of financing:

	Outstanding Principal Balance as of	
	March 31, 2026	December 31, 2025
Secured Debt		
Credit Facility	\$ 415,319	\$ 563,660
Unsecured Debt

2031 Notes	300,000	300,000
Securitizations		
2015-1N Debt	380,000	380,000
Total	\$ 1,395,319	\$ 1,543,660
Weighted average interest rate	5.78 %	6.02 %

Credit Facilities

On March 21, 2014, we closed on a senior secured revolving credit facility (the “Credit Facility”), which was most recently amended and restated on March 12, 2025, and may be further amended from time to time. On July 10, 2025, we increased the total commitments under the Credit Facility by \$25,000, resulting in total commitments increasing to \$960,000 (\$935,000 prior to the July 10, 2025 increase), pursuant to the terms of the agreement, subject to availability under the Credit Facility, which is based on certain advance rates multiplied by the value of our portfolio investments (subject to certain concentration limitations) net of certain other indebtedness that we may incur in accordance with the terms of the Credit Facility. Proceeds of the Credit Facility may be used for general corporate purposes, including the funding of portfolio investments. Maximum capacity under the Credit Facility may be increased, subject to certain conditions, to \$1,402,500 through the exercise by us of an uncommitted accordion feature through which existing and new lenders may, at their option, agree to provide additional financing. The Credit Facility includes a \$75,000 limit for swingline loans and a \$30,000 limit for letters of credit. Subject to certain exceptions, the Credit Facility is secured by a first lien security interest in substantially all of the portfolio investments held by us and Credit Fund II. The Credit Facility includes customary covenants, including certain financial covenants related to asset coverage, stockholders’ equity and liquidity, certain limitations on the incurrence of additional indebtedness and liens, and other maintenance covenants, as well as usual and customary events of default for senior secured revolving credit facilities of this nature.

The Credit Facility consisted of the following as of March 31, 2026 and December 31, 2025:

	Total Facility	Borrowings Outstanding	Unused Portion ⁽¹⁾	Amount Available ⁽²⁾	Weighted Average Interest Rate
March 31, 2026	\$ 960,000	\$ 415,319	\$ 544,681	\$ 544,632	4.98 %
December 31, 2025	\$ 960,000	\$ 563,660	\$ 396,340	\$ 396,340	5.28 %

(1) The unused portion is the amount upon which commitment fees are based.

(2) The amount available is based on the computation of collateral to support the borrowings and subject to compliance with applicable covenants and financial ratios.

Effective March 27, 2025, as a result of the completion of the CSL III Merger, we succeeded to the obligations of CSL III under a senior secured revolving credit facility (as amended, the “CSL III SPV Credit Facility” and together with the Credit Facility, the “Credit Facilities”) previously entered into by CSL III SPV on September 30, 2022. On October 2, 2025, all outstanding borrowings of the CSL III SPV Credit Facility were repaid in full. Upon such repayment, the CSL III SPV Credit Facility was terminated and all commitments and obligations of the lenders were cancelled.

Unsecured Debt

On December 30, 2019, we closed a private offering of \$115.0 million in aggregate principal amount of 4.75% senior unsecured notes due December 31, 2024 and on December 11, 2020, we issued an additional \$75.0 million aggregate principal

amount of 4.50% senior unsecured notes due December 31, 2024 (together the “2024 Notes”). The 2024 Notes were repaid in full at maturity on December 31, 2024.

On November 20, 2023, we completed a public offering of \$85.0 million in aggregate principal of 8.20% senior unsecured notes due December 1, 2028 (the “2028 Notes”). On December 1, 2025, we redeemed the 2028 Notes at a redemption price equal to 100% of the principal amount redeemed, plus accrued and unpaid interest otherwise payable for the then-current quarterly interest period accrued to, but excluding, the December 1, 2025 (the “Redemption Date”). In connection with the redemption, the 2028 Notes were delisted from the Nasdaq Global Select Market (“Nasdaq”).

On October 18, 2024, we completed a public offering of \$300.0 million aggregate principal of 6.75% senior unsecured notes due February 18, 2030 (the “2030 Notes”). We may redeem the 2030 Notes in whole or in part at our option at any time or from time to time at a redemption price equal to the greater of (1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes matured on January 18, 2030) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 45 basis points less (b) interest accrued to the date of redemption, or (2) 100% of the principal amount of the 2030 Notes to be redeemed, plus, in either case, accrued and unpaid interest thereon to, but excluding, the redemption date. At any time on or after January 18, 2030, we may redeem the 2030 Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 2030 Notes to be redeemed, plus accrued and unpaid interest thereon to, but excluding the redemption date.

On October 7, 2025, we completed a public offering of \$300.0 million aggregate principal of 5.75% senior unsecured notes due February 15, 2031 (the “2031 Notes” and together with the 2024 Notes, 2028 Notes, and 2030 Notes, the “Senior Notes”). We may redeem the 2031 Notes, in whole or in part at our option at any time or from time to time, at a redemption price equal to the greater of (1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes matured on January 15, 2031) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 35 basis points, less (b) interest accrued to the date of redemption, or (2) 100% of the principal amount of the 2031 Notes to be redeemed, plus, in either case, accrued and unpaid interest thereon to, but excluding, the redemption date. At any time on or after January 15, 2031, we may redeem the 2031 Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 2031 Notes to be redeemed, plus accrued and unpaid interest thereon to, but excluding, the redemption date.

The following table details the carrying value of our Senior Notes as of March 31, 2026 and December 31, 2025:

	As of	
	March 31, 2026	December 31, 2025
2030 Notes	\$ 300,000	\$ 300,000
2031 Notes	300,000	300,000
Total principal amount	600,000	600,000
Less: unamortized debt issuance costs	(8,737)	(9,240)
Effective interest rate swap hedge	(5,048)	(1,184)
Total carrying value	\$ 586,215	\$ 589,576
Weighted average interest rate	6.44 %	6.84 %

In November 2023, in connection with the issuance of the 2028 Notes, we entered into a five-year interest rate swap agreement with Morgan Stanley Capital Services LLC (“Morgan Stanley”) to mitigate the exposure to adverse fluctuations in interest rates for a total notional amount of \$85.0 million, maturing on December 1, 2028. Morgan Stanley had the ability to exercise an early termination commencing on December 1, 2025, subject to providing written notice thirty days prior. Under the interest rate swap agreement, we received a fixed interest of 8.20% and paid a floating rate based on the compounded average daily SOFR rate plus 3.139%. We designated this interest rate swap agreement as a hedging instrument to the 2028 Notes. In connection with the redemption of the 2028 Notes, Morgan Stanley elected to exercise the early termination right, and the interest rate swap agreement was terminated effective December 1, 2025.

In October 2024, in connection with the issuance of the 2030 Notes, we entered into an interest rate swap agreement with JP Morgan Chase Bank N.A. (“JP Morgan”) to mitigate the exposure to adverse fluctuations in interest rates for a total notional amount of \$300.0 million, maturing on February 18, 2030. Under the interest rate agreement, commencing on the effective date of August 18, 2025, we receive a fixed interest rate of 6.75% and pay a floating interest rate based on the compounded average daily SOFR plus 3.235%. We designated this interest rate swap agreement as a hedging instrument to the 2030 Notes.

In October 2025, in connection with the issuance of the 2031 Notes, we entered into an interest rate swap agreement with JP Morgan to mitigate the exposure to adverse fluctuations in interest rates for a total notional amount of \$300.0 million, maturing on February 15, 2031. The interest rate swap agreement was executed on September 30, 2025 and became effective on October 7, 2025. Under the interest rate swap agreement, we receive a fixed interest rate of 5.75% and pay a floating interest rate based on the compounded average daily SOFR plus 2.312%. We designated this interest rate swap agreement as a hedging instrument to the 2031 Notes.

Securitizations

On June 26, 2015, we completed the 2015-1 Debt Securitization (as defined in Note 1, Organization, to these unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q), which was refinanced on August 30, 2018 (the “2015-1 Debt Securitization Refinancing”) by redeeming in full the previously issued securitized notes and issuing new notes (the “2015-1R Notes”). The 2015-1R Notes were issued by Carlyle Direct Lending CLO 2015-1R LLC (the “2015-1 Issuer”), a wholly owned and consolidated subsidiary of us. The 2015-1R Notes were secured by a diversified portfolio of the 2015-1 Issuer consisting primarily of first and second lien senior secured loans.

We received 100% of the \$125,900 in nominal value of the non-interest bearing preferred interests issued by the 2015-1 Issuer (the “2015-1 Issuer Preferred Interests”) on the closing date of the 2015-1 Debt Securitization in exchange for our contribution to the 2015-1 Issuer of the initial closing date loan portfolio. Following the 2015-1 Debt Securitization Refinancing, the 2015-1 Issuer Preferred Interests were reduced by approximately \$21,375 to approximately \$104,525.

On July 2, 2024, we and the 2015-1 Issuer completed a refinancing of the 2015-1R Notes (the “2015-1R Refinancing”), which resulted in the issuance of a \$410.0 million collateralized loan obligation (the “2015-1N Debt”). On the closing date of the 2015-1R Refinancing, the 2015-1 Issuer refinanced the 2015-1R Notes with the 2015-1N Debt, issued additional 2015-1 Issuer Preferred Interests to us in the aggregate notional amount of \$13,500, thereby increasing the 2015-1 Issuer Preferred Interests held by us to \$118,054 and extended the reinvestment period end date and maturity date applicable to the 2015-1 Issuer to July 15, 2028 and July 1, 2036, respectively.

Following the 2015-1R Refinancing, we retained the 2015-1 Issuer Preferred Interests. The 2015-1N Debt in the 2015-1R Refinancing was issued by the 2015-1 Issuer and is secured by a diversified portfolio of the 2015-1 Issuer consisting primarily of first and second lien senior secured loans. As of the closing date, we retained the \$30.0 million Class C-R Notes. The following table summarizes the terms of the 2015-1N Debt tranches and their principal amount:

2015-1N Debt Tranche ⁽¹⁾	Credit Rating	Reference Rate	Spread	As of

Middle Market Credit Fund, LLC (“Credit Fund”)

On February 29, 2016, we and Credit Partners USA LLC (“Credit Partners”) entered into an amended and restated limited liability company agreement, as amended from time to time, to co-manage Credit Fund, a Delaware limited liability company that is not consolidated in our unaudited consolidated financial statements. Credit Fund is managed by a six-member board of managers, on which we and Credit Partners each have equal representation. We and Credit Partners each have 50% economic ownership of Credit Fund and have commitments to fund, from time to time, capital of up to \$250,000 each as of March 31, 2026, which increased from \$175,000 each as of February 11, 2026. Funding of such commitments generally requires the approval of the board of Credit Fund, including the board members appointed by us. By virtue of our respective

membership interests, we and Credit Partners each indirectly bear an allocable share of all expenses and other obligations of Credit Fund.

Credit Fund primarily invests in first lien loans of middle market companies sourced primarily by us and our affiliates. Portfolio and investment decisions with respect to Credit Fund must be unanimously approved by a quorum of Credit Fund's investment committee consisting of an equal number of representatives of us and Credit Partners. Therefore, although we own more than 25% of the voting securities of Credit Fund, we do not believe that we have control over Credit Fund (other than for purposes of the Investment Company Act). Middle Market Credit Fund SPV, LLC ("Credit Fund Sub"), a Delaware limited liability company is a wholly owned subsidiary of Credit Fund and is consolidated in Credit Fund's consolidated financial statements.

Since inception of Credit Fund and through March 31, 2026, we and Credit Partners each made capital contributions of \$1 in members' equity and \$216,000 in subordinated loans to Credit Fund. On March 24, 2025, we and Credit Partners each received an aggregate return of capital on subordinated loans of \$62,500. Since inception, we and Credit Partners each have received an aggregate return of capital on subordinated loans of \$85,500. The cost and fair value of our investment in Credit Fund were \$130,501 and \$122,983, respectively, as of March 31, 2026 and \$171,001 and \$163,614, respectively, as of December 31, 2025.

Our share of the dividends declared by Credit Fund was \$5,000 for the three months ended March 31, 2026 and \$5,000 for the three months ended December 31, 2025. As of both March 31, 2026 and December 31, 2025, our annualized dividend yield from Credit Fund was 15.3%. Below is a summary of Credit Fund's portfolio as of March 31, 2026 and December 31, 2025:

	As of	
	March 31, 2026	December 31, 2025

Fair value of loans on non-accrual status	\$ 1,739	\$ 6,297
Percentage of loans at floating interest rates ⁽³⁾⁽⁴⁾	100.0 %	100.0 %
Fair value of loans with PIK provisions	\$ 37,111	\$ 36,618
Percentage of portfolio with PIK provisions ⁽⁴⁾	3.6 %	3.8 %

(1) At par/principal amount.

(2) Weighted average yields include the effect of accretion of discounts and amortization of premiums and are based on interest rates as of March 31, 2026 and December 31, 2025. Weighted average yield on debt at fair value is computed as (a) the annual stated interest rate or yield earned plus the net annual amortization of original issue discount ("OID") and market discount earned, divided by (b) total fair value included in such securities. Weighted average yield on debt at amortized cost is computed as (a) the annual stated interest rate or yield earned plus the net annual amortization of OID and market discount earned, divided by (b) total amortized cost included in such securities. Weighted average yields exclude investments on non-accrual status. Actual yields earned over the life of each investment could differ materially from the yields presented above.

(3) Floating rate debt investments are generally subject to interest rate floors.

(4) Percentages based on fair value.

Structured Credit Partners JV, LLC (“Structured Credit Partners”)

On December 23, 2025, we, together with CARS, an affiliated BDC, and Sixth Street (collectively, the “SCP Members”), entered into an amended and restated limited liability company agreement, as amended from time to time, to co-manage Structured Credit Partners, a Delaware limited liability company that is not consolidated in our consolidated financial statements. Structured Credit Partners is managed by a board consisting of eight members, on which each Member has equal representation. The SCP Members each hold 25% voting interests through non-economic Class A membership interests. Economic interests are based on funded capital contributions and capital commitments through Class B and Class C membership as follows:

	Class A Capital Commitment	Class A Capital Called	Class B Capital Commitment	Class B Capital Called	Class C Capital Commitment	Class C Capital Called
Carlyle Secured Lending, Inc.	\$ 1	\$ 1	\$ 135,000	\$ 19,798	\$ 15,000	\$ —
Carlyle Credit Solutions, Inc.	1	1	15,000	2,200	135,000	—
Sixth Street	2	2	150,000	21,998	150,000	—
Total	\$ 4	\$ 4	\$ 300,000	\$ 43,996	\$ 300,000	\$ —

Funding of capital commitments generally requires board approval. In accordance with their respective economic interests, the SCP Members indirectly bear an allocable share of all expenses and other obligations of Structured Credit Partners.

Structured Credit Partners invests in the equity and debt of financing subsidiaries that act as warehouses for the acquisition of broadly syndicated loans and issue debt securities collateralized by such loans, with investment opportunities sourced primarily by affiliates of the SCP Members. Portfolio and investment decisions with respect to Structured Credit Partners must be unanimously approved by a quorum of Structured Credit Partners’ investment committee consisting of an equal number of representatives appointed by the Carlyle-affiliated SCP Members and the Sixth Street-affiliated SCP Members. Therefore, because we do not own more than 25% of the voting interests of Structured Credit Partners, we do not believe that we have control over Structured Credit Partners for accounting purposes or for purposes of the Investment Company Act.

Our share of the dividends declared by Structured Credit Partners was \$302 for the three months ended March 31, 2026. As of March 31, 2026, our annualized dividend yield from Structured Credit Partners was 10.7%.

Below is a summary of Structured Credit Partners’ portfolio as of March 31, 2026:

Investment Income

The decrease in investment income for the three months ended March 31, 2026, as compared to the three months ended December 31, 2025, was primarily driven by a lower weighted average yield on the portfolio and a lower average outstanding principal balance. As of March 31, 2026, the size of our portfolio decreased to \$2,306,378 from \$2,469,396 as of December 31, 2025, at amortized cost. As of March 31, 2026 and December 31, 2025, the weighted average yield of our total debt and income producing investments was 10.0% and 10.1%, respectively, based on amortized cost.

Interest income and PIK income on our first and second lien debt investments are dependent on the composition and credit quality of the portfolio. Generally, we expect the portfolio to generate predictable quarterly interest income based on the terms stated in each loan's credit agreement. As of March 31, 2026 and December 31, 2025, six and seven of our debt and preferred equity investments, respectively, were on non-accrual status. As of March 31, 2026 and December 31, 2025, non-accrual investments had a fair value of \$20,617 and \$30,541, which represented approximately 0.9% and 1.2% of total investments at fair value, respectively. The remaining income producing investments were performing and current on their interest payments as of March 31, 2026 and December 31, 2025.

The increase in other income for the three months ended March 31, 2026, compared to the three months ended December 31, 2025, was primarily driven by an increase in prepayment fees.

The increase in dividend income for the three months ended March 31, 2026, compared to the three months ended December 31, 2025 is due to dividends declared from Structured Credit Partners.

Expenses

The decrease in interest expense and credit facility fees was primarily driven by lower base rates and the acceleration of debt issuance cost during the three months ended December 31, 2025.

The decrease in base management fees was driven by lower average gross assets for the three months ended March 31, 2026 compared to the three months ended December 31, 2025.

The increase in incentive fees was driven by higher pre-incentive fee net investment income for the three months ended March 31, 2026 compared to the three months ended December 31, 2025.

For the three months ended March 31, 2026, there were no accrued capital gains incentive fees based upon the cumulative net realized and unrealized appreciation (depreciation) as of March 31, 2026. The accrual for any capital gains incentive fee under accounting principles generally accepted in the United States (“U.S. GAAP”) in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reduction of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. See Note 4, Related Party Transactions, to the unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q for more information on the incentive and base management fees.

Professional fees include legal, rating agencies, audit, tax, valuation, technology and other professional fees incurred related to the management of the Company. Administrative service fees represent fees paid to the Administrator for our allocable portion of overhead and other expenses incurred by the Administrator in performing its obligations under the Administration Agreement, including our allocable portion of the cost of certain of our executive officers and their respective staff. Other general and administrative expenses include insurance, filing, research, subscriptions and other costs.

Net Realized Gain (Loss) and Net Change in Unrealized Appreciation (Depreciation)

The amount of and number of investments with realized gain (loss) and change in unrealized appreciation (depreciation) for the three months ended March 31, 2026 and December 31, 2025 were as follows:

	Three Months Ended	
	March 31, 2026	December 31, 2025
Realized gains on investments	\$ 667	\$ 424
Number of investments with realized gains	11	12
Realized losses on investments	\$ (10,149)	\$ (20,201)
Number of investments with realized losses	21	12
Change in unrealized appreciation on investments	\$ 12,446	\$ 30,489
Number of investments with unrealized appreciation	52	93
Change in unrealized depreciation on investments	\$ (36,245)	\$ (16,402)
Number of investments with unrealized depreciation	173	120

During the three months ended March 31, 2026, we recognized a net realized loss related to the restructuring of our investments in 48forty Intermediate Holdings, Inc. During the three months ended December 31, 2025, we recognized a realized net loss related to the sale of Comar Holding Company, LLC and the sale of our investment in iRobot Corporation.

The net change in unrealized appreciation (depreciation) is driven by changes in various inputs used in our valuation methodology, including, but not limited to, enterprise value multiples, borrower leverage ratios, borrower ratings, and the impact of exits.

For the three months ended March 31, 2026 and March 31, 2025

The following table sets forth information regarding our consolidated results of operations for the three months ended March 31, 2026 and March 31, 2025:

Investment Income

The increase in investment income for the three months ended March 31, 2026, as compared to the three months ended March 31, 2025, was primarily driven by a higher average outstanding investment balance due to net origination activity over the last twelve months, including assets acquired in the CSL III Merger and the Credit Fund II Purchase in the first quarter of 2025. This was partially offset by lower yields on investments. As of March 31, 2026, the size of our portfolio increased to \$2,306,378 from \$2,273,998 as of March 31, 2025, at amortized cost. As of March 31, 2026 and March 31, 2025, the weighted average yield of our total debt and income producing investments was 10.0% and 10.9%, respectively, based on amortized cost.

Interest income and PIK income on our first and second lien debt investments are dependent on the composition and credit quality of the portfolio. Generally, we expect the portfolio to generate predictable quarterly interest income based on the terms stated in each loan's credit agreement. As of March 31, 2026 and March 31, 2025, six and five of our debt and preferred equity investments were on non-accrual status, respectively. Non-accrual investments had a fair value of \$20,617 and \$36,622, which represented approximately 0.9% and 1.6% of total investments at fair value as of March 31, 2026 and March 31, 2025, respectively. The remaining income producing investments were performing and current on their interest payments as of March 31, 2026 and March 31, 2025.

The decrease in dividend income for the three months ended March 31, 2026, compared to the three months ended March 31, 2025, was primarily driven by a decrease in dividend income from Credit Fund II due to the Credit Fund II Purchase, partially offset by the dividend received from Structured Credit Partners.

The increase in other income for the three months ended March 31, 2026, compared to the three months ended March 31, 2025, was primarily driven by an increase in prepayment fees.

Expenses

The increase in interest expense and credit facility fees for the three months ended March 31, 2026, as compared to the three months ended March 31, 2025, was primarily driven by a higher average principal balance during the three months ended March 31, 2026.

The increase in base management fees for the three months ended March 31, 2026, compared to the three months ended March 31, 2025, was driven by a higher average gross assets for the three months ended March 31, 2026.

The increase in incentive fees was driven by higher pre-incentive fee net investment income for the three months ended March 31, 2026 compared to the three months ended March 31, 2025.

For the three months ended March 31, 2026, there were no accrued capital gains incentive fees based upon the cumulative net realized and unrealized appreciation (depreciation) as of March 31, 2026. The accrual for any capital gains incentive fee under U.S. GAAP in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reduction of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. See Note 4, Related Party Transactions, to the unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q for more information on the incentive and base management fees.

Professional fees include legal, rating agencies, audit, tax, valuation, technology and other professional fees incurred related to the management of the Company. Administrative service fees represent fees paid to the Administrator for our allocable portion of overhead and other expenses incurred by the Administrator in performing its obligations under the Administration Agreement, including our allocable portion of the cost of certain of our executive officers and their respective staff. Other general and administrative expenses include insurance, filing, research, subscriptions and other costs.

Net Realized Gain (Loss) and Net Change in Unrealized Appreciation (Depreciation)

The amount of and number of investments with realized gain (loss) and change in unrealized appreciation (depreciation) for the three months ended March 31, 2026 and March 31, 2025 were as follows:

	Three Months Ended	
	March 31, 2026	March 31, 2025
Realized gains on investments	\$ 667	\$ 944
Number of investments with realized gains	11	12
Realized losses on investments	\$ (10,149)	\$ (22,473)
Number of investments with realized losses	21	4
Change in unrealized appreciation on investments	\$ 12,446	\$ 37,184
Number of investments with unrealized appreciation	52	62
Change in unrealized depreciation on investments	\$ (36,245)	\$ (20,887)
Number of investments with unrealized depreciation	173	126

During the three months ended March 31, 2026, we recognized a net realized loss related to the restructuring of our investments in 48forty Intermediate Holdings, Inc. During the three months ended March 31, 2025, we recognized a realized loss related to the restructuring of our investment in Aimbridge Acquisition Co., Inc. and the consolidation of our investment in Credit Fund II as a result of Credit Fund II Purchase.

The net change in unrealized appreciation (depreciation) is driven by changes in various inputs used in our valuation methodology, including but not limited to enterprise value multiples, borrower leverage ratios, borrower ratings, and the impact of exits.

Financial Condition, Liquidity and Capital Resources

Capitalization

We have capitalized our business to date primarily through the issuance and sale of our common stock, asset-level financing, and the issuance of unsecured senior debt. As of March 31, 2026, we had \$1,395,319 of outstanding consolidated indebtedness under the Credit Facility, the 2015-1N Debt, the 2030 Notes, and the 2031 Notes as previously discussed within *Portfolio and Investment Activity - Portfolio Financing*. As of March 31, 2026, we had \$641,873 of liquidity that can be used to satisfy our short-term cash requirements and working capital for our business. Refer to Note 9, Borrowings, to the unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q for additional information regarding our financing.

The following table presents our capitalization ratios:

	As of	
	March 31, 2026	December 31, 2025
Debt to Equity	1.25x	1.32x
Net Financial Leverage ⁽¹⁾	1.06x	1.13x

(1) Net financial leverage adjusts for net working capital at period end, which was \$214.5 million and \$225.8 million as of March 31, 2026 and December 31, 2025, respectively.

Sources of Liquidity

Our primary sources of liquidity include cash and cash equivalents and available borrowings under our Credit Facility.

	As of	
	March 31, 2026	December 31, 2025
Cash, cash equivalents and restricted cash	\$ 97,241	\$ 76,493
Available borrowings under Credit Facility	544,632	396,340
Total Liquidity	\$ 641,873	\$ 472,833

We generate cash from cash flows from operations, including investment sales and repayments, income earned on investments and cash equivalents, and through the net proceeds of offerings of our common stock sold through our at-the-market program. We may also fund a portion of our investments through borrowings under the Credit Facility, the issuance of debt, and through securitization of a portion of our existing investments. The primary use of existing funds and any funds raised in the future is expected to be for investments in portfolio companies, repayment of indebtedness, cash distributions to our stockholders, repurchases of our common stock and for other general corporate purposes. We believe our current cash position, available capacity on our Credit Facility, which is well in excess of our unfunded commitments, and net cash provided by operating activities will provide us with sufficient resources to meet our obligations and continue to support our investment objectives, including reserving for the capital needs which may arise at our portfolio companies.

Liquidity Needs

Our primary liquidity needs include our funding of new and existing portfolio investments, payment of operating expenses and interest and principal payments under the Credit Facility, the 2015-1N Debt, the 2030 Notes, and the 2031 Notes. From time to time, we may also repurchase our outstanding debt or shares of our common stock.

Contractual Obligations and Contingencies

In the ordinary course of our business, we enter into contracts or agreements that contain indemnifications or warranties. Future events could occur which may give rise to liabilities arising from these provisions against us. We believe that the likelihood of such an event is remote; however, the maximum potential exposure is unknown. No accrual has been made for any such exposure in the unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q.

We have in the past, currently are and may in the future become obligated to fund commitments such as revolving credit facilities, bridge financing commitments, or delayed draw commitments. We had the following unfunded commitments to fund delayed draw and revolving senior secured loans as of March 31, 2026 and December 31, 2025:

	Par/Principal Amount as of	
	March 31, 2026	December 31, 2025
Unfunded delayed draw commitments	\$ 229,347	\$ 256,926
Unfunded revolving commitments	165,829	174,680
Total unfunded commitments	\$ 395,176	\$ 431,606

Pursuant to an undertaking by us in connection with the 2015-1 Debt Securitization, we agreed to hold on an ongoing basis the 2015-1 Issuer Preferred Interests with an aggregate dollar purchase price at least equal to 5% of the aggregate outstanding amount of all collateral obligations by the 2015-1 Issuer for so long as any securities of the 2015-1 Issuer remains outstanding. As of March 31, 2026 and December 31, 2025, we were in compliance with this undertaking.

Cash Flows

The following table details the net change in our cash and cash equivalents:

	Three Months Ended	
	March 31, 2026	
Cash flows provided by (used in) operating activities	\$ 212,389	
Cash flows provided by (used in) financing activities		(191,641)
Net increase (decrease) in cash, cash equivalents and restricted cash	\$ 20,748	

During the three months ended March 31, 2026, we paid \$240,926 related to cost of investments purchased and received \$444,368 in proceeds from sales and repayments on our investments. During the three months ended March 31, 2026, we had net repayments of \$144,349 on our Credit Facility and paid \$28,723 of dividends in cash.

Asset Coverage

In accordance with the Investment Company Act, a BDC is only allowed to borrow amounts such that its “asset coverage,” as defined in the Investment Company Act, satisfies the minimum asset coverage ratio specified in the Investment Company Act after such borrowing. “Asset coverage” generally refers to a company’s total assets, less all liabilities and indebtedness not represented by “senior securities,” as defined in the Investment Company Act, divided by total senior securities representing indebtedness and, if applicable, preferred stock. “Senior securities” for this purpose includes borrowings from banks or other lenders, debt securities and preferred stock.

Prior to March 23, 2018, BDCs were required to maintain a minimum asset coverage ratio of 200%. On March 23, 2018, an amendment to Section 61(a) of the Investment Company Act was signed into law to permit BDCs to reduce the minimum asset coverage ratio from 200% to 150%, so long as certain approval and disclosure requirements are satisfied. Under the 200% minimum asset coverage ratio, BDCs are permitted to borrow up to one dollar for investment purposes for every one dollar of investor equity, and under the 150% minimum asset coverage ratio, BDCs are permitted to borrow up to two dollars for investment purposes for every one dollar of investor equity. In other words, Section 61(a) of the Investment Company Act, as amended, permits BDCs to potentially increase their debt-to-equity ratio from a maximum of 1 to 1 to a maximum of 2 to 1.

On April 9, 2018 and June 6, 2018, the Board of Directors, including a “required majority” (as such term is defined in Section 57(o) of the Investment Company Act), and the stockholders of the Company, respectively, approved the application to the Company of the 150% minimum asset coverage ratio set forth in Section 61(a)(2) of the Investment Company Act, as amended. As a result, the minimum asset coverage ratio applicable to the Company was reduced from 200% to 150%, effective as of June 7, 2018.

As of March 31, 2026 and December 31, 2025, the Company had total senior securities of \$1,395,319 and \$1,543,660, respectively, consisting of secured borrowings under the Credit Facility, the 2030 Notes, the 2031 Notes, and the 2015-1N Debt, and had asset coverage ratios of 180.0% and 175.6%, respectively.

Critical Accounting Policies and Estimates

The preparation of our unaudited consolidated financial statements in conformity with U.S. GAAP requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses. These estimates and judgments are based on historical information, information currently available to us and on various other assumptions management believes to be reasonable under the circumstances. Actual results could vary from those estimates and we may change our estimates and assumptions in future evaluations. Changes in these estimates and assumptions may have a material effect on our results of operations and financial condition. There have been no material changes in the critical accounting estimates since those discussed in our Annual Report on Form 10-K for the year ended December 31, 2025.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are subject to financial market risks, including changes in the valuations of our investment portfolio and interest rates.

Valuation Risk

Our investments generally do not have a readily available market price. The Investment Adviser, as the valuation designee pursuant to Rule 2a-5 under the Investment Company Act, values our investments for which market quotations are not readily available in good faith at fair value in accordance with our valuation policy. There is no single standard for determining fair value in good faith. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process for the types of investments we make. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. In addition, because of the inherent uncertainty of valuation, these estimated values may differ significantly from the values that would have been used had a ready market for the investments existed, and it is possible that the difference could be material.

Interest Rate Risk

As of March 31, 2026, on a fair value basis, approximately 99.3% of our debt investments bear interest at floating rates, which primarily are subject to interest rate floors. The Credit Facility and the 2015-1N Debt are also subject to floating interest rates and are primarily paid based on floating SOFR rates. The 2030 Notes and the 2031 Notes, each which bear fixed rates, were hedged through fixed to floating interest rate swaps, in order to align the interest rates of our liabilities in our investment portfolio.

Interest rate sensitivity refers to the change in earnings that may result from changes in the level of interest rates. There can be no assurance that a significant change in market interest rates will not have a material adverse effect on our income in the future.

The following table estimates the potential changes in net cash flow generated from interest income, should interest rates increase or decrease by 100, 200 or 300 basis points. These hypothetical interest income calculations are based on a model of the settled debt investments in our portfolio, excluding structured finance obligations and our investments in Credit Fund and Structured Credit Partners, held as of March 31, 2026 and December 31, 2025, and are only adjusted for assumed changes in the underlying base interest rates and the impact of that change on interest income. Interest expense is calculated based on outstanding secured borrowings and notes payable as of March 31, 2026 and December 31, 2025 and based on the terms of our Credit Facility and notes payable. Interest expense on our Credit Facility and notes payable is calculated using the stated interest rate as of March 31, 2026 and December 31, 2025, adjusted for the hypothetical changes in rates, as shown below. We intend to continue to finance a portion of our investments with borrowings and the interest rates paid on our borrowings may significantly impact our net interest income.

We regularly measure exposure to interest rate risk. We assess interest rate risk and manage interest rate exposure on an ongoing basis by comparing our interest rate sensitive assets to our interest rate sensitive liabilities. Based on that review, we determine whether or not any hedging transactions are necessary to mitigate exposure to changes in interest rates.

Based on our Consolidated Statements of Assets and Liabilities as of March 31, 2026 and December 31, 2025, the following table shows the annual impact on net investment income of base rate changes in interest rates for our settled debt investments (considering interest rate floors for variable rate instruments), excluding our investments in Credit Fund and Structured Credit Partners, and outstanding secured borrowings and notes payable assuming no changes in our investment and borrowing structure:

Basis Point Change	As of March 31, 2026			As of December 31, 2025

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer (Principal Executive Officer) and our Chief Financial Officer (Principal Financial Officer), of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15 of the Exchange Act). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer have concluded that our current disclosure controls and procedures are effective in timely alerting them of material information relating to the Company that is required to be disclosed by us in the reports we file or submit under the Exchange Act.

Changes in Internal Controls Over Financial Reporting

There have been no changes in our internal control over financial reporting during the fiscal quarter ended March 31, 2026 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company may become party to certain lawsuits in the ordinary course of business, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. The Company is not currently subject to any material legal proceedings, nor, to our knowledge, is any material legal proceeding threatened against the Company. See also Note 14, Litigation, to the unaudited consolidated financial statements in Part I, Item 1 of this Form 10-Q.

Item 1A. Risk Factors

In addition to the other information set forth within this Form 10-Q, consideration should be given to the information disclosed in “*Risk Factors*” in Part I, Item 1A of our annual report on Form 10-K for the year ended December 31, 2025.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

We did not sell any equity securities during the period covered in this report that were not registered under the Securities Act of 1933, as amended.

Purchases of Equity Securities by the Issuer and Affiliated Purchasers

The following table provides information regarding purchases of our common stock made by or on behalf of the Company or any “affiliated purchaser” (as defined in Rule 10b-18(a)(3) under the Exchange Act) during the three months ended March 31, 2026 for the periods indicated.

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs ⁽¹⁾⁽²⁾	Maximum (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or Programs
January 1, 2026 through January 31, 2026	654,273	\$ 12.65	654,273	\$ 120,111
February 1, 2026 through February 28, 2026	475,994	\$ 12.07	475,994	\$ 114,368
March 1, 2026 through March 31, 2026	405,987	\$ 11.04	405,987	\$ 109,888
Total	1,536,254		1,536,254	

(1) On trade date basis.

(2) On October 29, 2025, the Company's Board of Directors approved the continuation of the Company's Stock Repurchase Program until November 5, 2026, or until the date the approved dollar amount has been used to repurchase shares. On February 18, 2026, the Company's Board of Directors approved a \$100 million increase in the authorized amount available for repurchases under the Stock Repurchase Program to up to \$300 million. Pursuant to the program, the Company is authorized to repurchase up to \$300 million in the aggregate of the Company's outstanding stock in the open market and/or through privately negotiated transactions at prices not to exceed the Company's net asset value per share as reported in its most recent financial statements, in accordance with the guidelines specified in Rule 10b-18 of the Exchange Act. The timing, manner, price and amount of any repurchases will be determined by the Company, in its discretion, based upon the evaluation of economic and market conditions, stock price, available cash, applicable legal and regulatory requirements and other factors, and may include purchases pursuant to Rule 10b5-1 of the Exchange Act. The program does not require the Company to repurchase any specific number of shares and there can be no assurance as to the amount of shares repurchased under the program. The program may be suspended, extended, modified or discontinued by the Company at any time, subject to applicable law. Pursuant to the authorization described above, the Company has adopted a 10b5-1 plan (the “Company 10b5-1 Plan”). The Company 10b5-1 Plan provides that purchases will be conducted on the open market in accordance with Rules 10b5-1 and 10b-18 under the Exchange Act and will otherwise be subject to applicable law, which may prohibit purchases under certain circumstances. The amount of purchases made under the Company 10b5-1 Plan or otherwise and how much will be purchased at any time is uncertain, dependent on prevailing market prices and trading volumes, all of which we cannot predict. The Company's Stock Repurchase Program was originally approved by the Company's Board of Directors on November 5, 2018 and announced on November 6, 2018.

Item 3. Defaults Upon Senior Securities
